XXIV	Special product/facility available during the NFO and on ongoing basis	The facilities/products Available are: Systematic Investment Plan (SIP): Unitholders of the scheme/s can invest through Systematic Investment Plan. SIP allows the unitholder to invest a specified sum of money each Week / Month / Quarter with a minimum amount of Rs. 100 and minimum 6 instalments. Unitholders have an option to invest on weekly basis on the default dates i.e. 7, 14, 21 and 28. For investment on monthly & quarterly basis, unit holders can choose any day of the month from 1st to 31st as the date of the instalment. The unitholder who wishes to opt for Weekly SIP / Monthly SIP / Quarterly SIP, has to commit investment by providing the Registrar with at least six post-dated cheques/debit mandate/mandate form for Electronic Clearing System (ECS)/ such other instrument as recognized by AMC from time to time for a block of 6 weeks/months/quarters in advance. OTHER SIP FACILITIES: • Perpetual SIP: Under this SIP facility the investor need not mention the maximum instalment. The SIP shall end on December 31, 2099 automatically. In case there is no mention of the number of instalments; the SIP shall be registered under the Perpetual SIP facility. • Differential SIP: Under this facility the investor has a choice of registering the SIP in such a manner that the 1st SIP instalment will be lower / higher than the subsequent instalments. • SIP Top-up facility - Top-up facility has to be opted at the time of SIP registration. Existing SIPs cannot be converted into this facility For details on SIP facilities, please refer SAI Booster SIP Facility: “Booster SIP” is a facility wherein an investor under a designated open-ended scheme can opt to invest variable amounts, at pre-determined intervals to take advantage of movements in the market by investing higher when the markets are low. For details please refer SAI. SIP Pause Facility: SIP Pause facility allows investors to pause their existing SIP for a temporary period, without discontinuing the existing SIP. Following are the terms and conditions of the facility. For details please refer SAI. Systematic Transfer Plan: Investors can opt for the Systematic Transfer Plan by investing a lumpsum amount in one scheme of the Mutual Fund and providing a standing instruction to transfer a pre-specified sum into any other scheme of Bandhan Mutual Fund. Investors can also opt for STP from an existing account by quoting their account / folio number. For other SIP Facilities please refer SAI. Booster STP is a facility wherein an investor under a designated open-ended scheme can opt to transfer variable amount(s) linked to the value of investment under Booster STP on the date of transfer at pre-determined intervals from designated scheme of Bandhan Mutual Fund (hereinafter

The scheme will follow the applicable provisions as specified in SEBI Circular and SEBI (Mutual Funds) Regulations, 1996 as amended from time to time.

In terms of SEBI Circular dated February 27, 2025, AMC shall deploy the funds garnered in an NFO within 30 business days from the date of allotment of units. In an exceptional case, if the AMC is not able to deploy the funds in 30 business days, reasons in writing, including details of efforts taken to deploy the funds, shall be placed before the Investment Committee of the AMC. The Investment Committee may extend the timeline by 30 business days, while also making recommendations on how to ensure deployment within 30 business days going forward and monitoring the same. The Investment Committee shall examine the root cause for delay in deployment before granting approval for part or full extension. The Investment Committee shall not ordinarily give part or full extension where the assets for any scheme are liquid and readily available.

Change in Investment Pattern

Rebalancing due to Short Term Defensive Consideration

Due to market conditions, the AMC may invest beyond the range set out in the asset allocation. Such deviations shall normally be for a short term and defensive considerations as per Clause 1.14.1.2 of SEBI Master circular dated June 27, 2024, and the fund manager will rebalance the portfolio within 30 calendar days from the date of deviation.

Rebalancing due to Passive Breaches

Pursuant to clause 2.9 of SEBI Master circular dated June 27, 2024, and circular dated June 26, 2025, as may be amended from time to time, in the event of deviation from mandated asset allocation due to passive breaches, the fund manager shall rebalance the portfolio of the Scheme within 30 Business Days. In case the portfolio of the Scheme is not rebalanced within the period of 30 Business Days, justification in writing, including details of efforts taken to rebalance the portfolio shall be placed before the Investment Committee of the AMC. The Investment Committee, if it so desires, can extend the timeline for rebalancing up to sixty (60) Business Days from the date of completion of mandated rebalancing period. Further, in case the portfolio is not rebalanced within the aforementioned mandated plus extended timelines the AMC shall comply with the prescribed restrictions, the reporting and disclosure requirements as specified in Clause 2.9 of SEBI Master circular dated June 27, 2024.

Provided further and subject to the above, any change in the asset allocation affecting the investment profile of the Scheme shall be effected only in accordance with the provisions of sub regulation (15A) of Regulation 18 of the Regulations, as detailed later in this document.

B. WHERE WILL THE SCHEME INVEST?

Depending on the market conditions, the assets of the Scheme will be allocated in a diverse capitalization range of active and passive Debt oriented schemes, Arbitrage schemes and debt & money market instruments. Subject to the Regulations, the amount collected under this scheme can be invested in any (but not exclusively) of the following securities/ debt instruments:

- i. Units of active and passive Debt oriented mutual fund schemes and arbitrage fund as per the limits specified in the asset allocation of respective schemes.
- ii. Money market instruments, including inter alia commercial paper, certificate of deposit, treasury bills and any other instruments permitted by SEBI/RBI, having maturities of up to one year and more than one year in repo/reverse repo/call money market or alternative as may be provided by RBI to meet liquidity requirements.
- iii. Pending deployment of funds of the Scheme in securities in terms of the investment objective of the Scheme, the AMC may park the funds of the Scheme in short-term deposits of scheduled commercial banks, subject to the guidelines mentioned under clause 12.16 of Master Circular dated June 27, 2024, as amended from time to time. The AMC shall not charge any investment management and advisory fees for parking of funds in such short-term deposits of scheduled commercial banks for the scheme.
- iv. Any other like instruments as may be permitted by RBI/ SEBI/such other Regulatory Authority from time to time, subject to regulatory approvals if any.

The securities/units may be acquired through Initial Public Offerings (IPOs), Continuous Offers, secondary market operations, private placement, or negotiated deals.

Detailed definition and applicable regulations/guidelines for each instrument is included in Section II)

C. WHAT ARE THE INVESTMENT STRATEGIES?

The scheme is a fund of funds, where the underlying active and passive funds are actively selected basis the fund manager's view on the macro economy, interest rates, credit spreads and other such parameters with an intention of optimizing the risk-adjusted return.

NOTE ON DEBT MARKET & MONEY MARKET IN INDIA

The Indian debt markets are one of the largest such markets in Asia. Government and public Sector enterprises are predominant borrowers in the market. While interest rates were regulated till a few years back, there has been a rapid deregulation and currently both the lending and deposit rates are market determined.

The debt markets are developing fast, with the rapid introduction of new instruments including derivatives. Foreign Institutional Investors are also allowed to invest in Indian debt markets now. There has been a Revised date considerable increase in the trading volumes in the market with the daily trading volumes. The trading volumes are largely concentrated in the Government of India Securities, which contribute about 90% of the daily trades.

The money markets in India essentially consist of the call money market (i.e. market for overnight and term money between banks and institutions), repo transactions (temporary sale with an agreement to buy back the securities at a future date at a specified price), commercial papers (CPs, short term unsecured promissory notes, generally issued by corporates), certificate of deposits (CDs, issued by banks) and Treasury Bills (issued by RBI). A predominantly institutional market, the key money market players are banks, financial institutions, insurance companies, mutual funds, primary dealers and corporates.

Following table exhibits various debt instruments along with indicative yields as on September 12, 2025:

Instruments	Yield level (% per annum)
G-Sec 5 year	6.26%
G-Sec 10 year	6.48%
CP 3 months	5.91%
CD 3 months	5.87%
CP 1 year	6.40%
CD 1 year	6.37%
PSU	

Corporate Debentures AAA 3 year	6.69%
Corporate Debentures AAA 5 year	6.88%
NBFC	
Corporate Debentures AAA 3 year	7.08%
Corporate Debentures AAA 5 year	7.20%

The actual yields will, however, vary in line with general levels of interest rates and debt/money market conditions prevailing from time to time.

Over the past two years the interest rate derivatives market in India has developed significantly which has made it possible to manage the interest rate risk actively. This has also helped the market for floating rate securities to develop. The floating rate MIBOR linked corporate debentures or PSU bonds market has grown significantly and the market is highly liquid as most of the debentures carry a daily put option. However, the market for the long-term floating rate securities is not very liquid. The Government of India has started issuing Government Securities carrying floating coupons actively. This would help the markets to develop further.

Debt Markets abroad:

Overseas debt markets are deep and vibrant and much more sophisticated than the Indian debt markets. Most individual bonds are bought and sold in the over-the-counter (OTC) market, although some corporate bonds are also listed on the New York Stock Exchange. The OTC market comprises hundreds of securities firms and banks that trade bonds by phone or electronically. Some are dealers that keep an inventory of bonds and buy and sell these bonds for their own account; others act as agent and buy from or sell to other dealers in response to specific requests on behalf of customers. Quotes are available for an entire gamut of securities of varying maturities. Among the types of bonds one can choose from are: Government securities, municipal bonds, corporate bonds, mortgage and asset-backed securities, federal agency securities and foreign government bonds. Bond choices range from the highest credit quality Treasury securities, which are backed by the full faith and credit of the government, to bonds that are below investment-grade and considered speculative. Since a bond may not be redeemed, or reach maturity, for years - even decades, credit quality becomes an important consideration when you are evaluating a fixed/floating- income investment. In the United States, major rating agencies include Moody's Investors Service, Standard & Poor's Corporation and Fitch. Each of the agencies assigns its ratings based on in-depth analysis of the issuer's financial condition and management, economic and debt characteristics and the specific revenue sources securing the bond. The highest ratings are AAA (S&P and Fitch) and AAA (Moody's). Bonds rated in the BBB category or higher are considered investment grade; securities with ratings in the BB category and below are considered "high yield" or below investment grade. While experience has shown that a diversified portfolio of high-yield bonds will, over the long run, have only a modest risk of default, it is extremely important to understand that, for any single bond, the high interest rate that generally accompanies a lower rating is a signal or warning of higher risk.

The Link between Interest Rates and Maturity

Changes in interest rates do not affect all bonds equally. The longer it takes for a bond to mature, the greater the risk that prices will fluctuate along the way and that the fluctuations will be greater and the more the investors will expect to be compensated for taking the extra risk. There is a direct link between maturity and yield. It can best be seen by drawing a line between the yields available on like securities of different maturities, from shortest to longest. Such a line is called a yield curve. A yield curve could be drawn for any bond market but it is most commonly drawn for the Treasury market, which offers securities of every maturity and where all issues bear the same top credit quality. By watching the yield curve, as reported in the daily financial press, you can gain a sense of where the market perceives interest rates to be headed one of the important factors that could affect your bonds' prices. A normal yield curve would show a fairly steep rise in yields between short and intermediate term issues and a less pronounced rise between intermediate and long-term issues. That is as it should be, since the longer the investor's money is at risk, the more the investor should expect to earn.

Portfolio Turnover

Portfolio turnover in the scheme will be a function of market opportunities. It is difficult to estimate with any reasonable measure of accuracy, the likely turnover in the portfolio. The AMC will endeavor to optimize portfolio turnover to optimize risk adjusted return keeping in mind the cost associated with it. A high portfolio turnover rate is not necessarily a drag on portfolio performance and may be representative of investment opportunities that exist in the market.

Portfolio Turnover Ratio is not applicable to a Fund of Funds Scheme.

D. HOW WILL THE SCHEME BENCHMARK ITS PERFORMANCE?

The Scheme is benchmarked to NIFTY Composite Debt Index (60%) + Nifty 50 Arbitrage Index (TRI) (40%)

NIFTY Composite Debt Index measure the performance of various fixed income portfolios covering Government securities, Corporate bonds of different credit rating categories, Commercial papers, Certificate of deposits, T-Bills and Overnight rate.

The Nifty 50 Arbitrage Index aims to measure the performance of such arbitrage strategies. The index measures performance of portfolio involving investment in equity and equivalent short position equity futures, short-term debt market investments and cash.

The composition of the aforesaid benchmark is such that, it is most suited for comparing the performance of the scheme.

The AMC/Trustees reserve right to change benchmark in future for measuring performance of the scheme and as per the guidelines and directives issued by SEBI from time to time.

Subject to the Regulations, the AMC may invest in the Scheme during the NFO and/or on ongoing basis. However, the AMC shall not charge any investment management and advisory fee on such investment in the Scheme, in accordance with sub-regulation 17 of Regulation 25 of the Regulations and shall charge fees on such amounts in future only if the SEBI Regulations so permit.

The AMC shall invest in the scheme based on the risk associated with the scheme as specified in para 6.9 of the SEBI Master Circular.

The Scheme may invest in another scheme managed by the same AMC or by the AMC of any other Mutual Fund without charging any fees on such investments, provided that aggregate inter-scheme investment made by all schemes managed by the same AMC or by the AMC of any other Mutual Fund shall not exceed 5% of the net asset value of the Fund. For detailed provisions refer SAI.

PART III- OTHER DETAILS

A. COMPUTATION OF NAV

The NAV of the Units of the Scheme will be computed by dividing the net assets of the Scheme by the number of Units outstanding on the valuation date. The Fund shall value its investments according to the valuation norms, as specified in Schedule VIII of the Regulations, or such norms as may be prescribed by SEBI from time to time.

All expenses and incomes accrued up to the valuation date shall be considered for computation of NAV. For this purpose, major expenses like management fees and other periodic expenses would be accrued on a day to day basis. The minor expenses and income will be accrued on a periodic basis, provided the non-daily accrual does not affect the NAV calculations by more than 1%.

Any changes in securities and in the number of units be recorded in the books not later than the first valuation date following the date of transaction. If this is not possible given the frequency of the Net Asset Value disclosure, the recording may be delayed upto a period of seven days following the date of the transaction, provided that as a result of the non-recording, the Net Asset Value calculations shall not be affected by more than 1%.

In case the Net Asset Value of a scheme differs by more than 1%, due to non - recording of the transactions, the investors or scheme/s as the case may be, shall be paid the difference in amount as follows:-

- (i) If the investors are allotted units at a price higher than Net Asset Value or are given a price lower than Net Asset Value at the time of sale of their units, they shall be paid the difference in amount by the scheme.
- (ii) If the investors are charged lower Net Asset Value at the time of purchase of their units or are given higher Net Asset Value at the time of sale of their units, asset management company shall pay the difference in amount to the scheme.

The asset management company may recover the difference from the investors.

NAV of units under the Scheme shall be calculated as shown below:

NAV (Rs.) =

Market or Fair Value of Scheme's investments	+	Current Assets including Accrued Income	-	Current Liabilities and Provisions including accrued expenses
--	---	---	---	---

No. of Units outstanding under Scheme

During the continuous offer of the scheme, the units will be available at the applicable NAV based prices. This is the price that an investor will pay for purchase / switch in. Ongoing price for redemption (sale) /switch outs (to other schemes/plans of the Mutual Fund) by investors:

At the applicable NAV subjects to prevailing exit load.
This is the price you will receive for redemptions/switch outs.

Illustration:

Computation of NAV - Assume that the Market or Fair Value of Scheme's investments is Rs. 1,00,00,000; Current asset of the scheme is Rs. 25,00,000; Current Liabilities and Provisions is Rs. 15,00,000 and the No. of Units outstanding under the scheme are 5,00,000. Thus, the NAV will be calculated as:

$$\text{NAV} = \frac{10000000 + 2500000 - 1500000}{500000} = 22.000$$

Therefore, the NAV of the scheme is Rs. 22.000

Computation of Repurchase Price - If the applicable NAV is Rs. 10, exit load is 2% then redemption price will be: Rs. 10* (1-0.02) = Rs. 9.80

The Redemption Price will not be lower than 95% of the NAV. Pursuant to clause 10.4.1.a of the SEBI Master circular for Mutual Funds dated June 27, 2024, no entry load will be charged by the Scheme to the investors.

For details on policies related to computation of NAV, rounding off, investment in foreign securities, procedure in case of delay in disclosure of NAV, please refer SAI.

The NAV of the Scheme will be calculated upto four decimal places and will be declared on each business day. The valuation of the Scheme's assets and calculation of the Scheme's NAV shall be subject to audit on an annual basis and shall be subject to such regulations as may be prescribed by SEBI from time to time.

NAV of the Scheme shall be made available on the website of AMFI (www.amfiindia.com) and the Mutual Fund (www.bandhanmutual.com) by 10.00 a.m. on next business day. Since the Scheme will invest in overseas mutual fund schemes, the NAV of the scheme will be based on the NAV of such underlying overseas schemes. The NAV of the underlying schemes may be declared on the same or the next business day. In light of the same and considering the differences in time zones, the NAV of the Scheme will be declared by 10.00 a.m. on the next business day. The NAV shall also be available on the call free number 1-800-300-66688 and on the website of the Registrar CAMS (www.camsonline.com). Investors may also place a specific request to the Mutual Fund for sending latest available NAV through SMS.

In case the NAV is not uploaded by 10.00 a.m. on next business day, it shall be explained in writing to AMFI for non-adherence of time limit for uploading NAV on AMFI's website. If the NAVs are not available before the commencement of business hours on the following day due to any reason, the Mutual Fund shall issue a press release giving reasons and explaining when the Mutual Fund would be able to publish the NAV.

During the continuous offer of the scheme, the units will be available at the applicable NAV based prices. This is the price that an investor will pay for purchase/switch in.

Ongoing price for redemption (sale) /switch outs (to other schemes/plans of the Mutual Fund) by investors:

At the applicable NAV subjects to prevailing exit load. This is the price you will receive for redemptions/switch outs.

Example: If the applicable NAV is Rs. 10, exit load is 2% then redemption price will be: Rs. 10* (1-0.02) = Rs. 9.80

The Redemption Price will not be lower than 95% of the NAV.

Disclosure to the effect that the repurchase price shall not be lower than 95% of the NAV. For other details such as policies w.r.t computation of NAV, rounding off, investment in foreign securities, procedure in case of delay in disclosure of NAV etc. refer to SAI.

B. NEW FUND OFFER (NFO) EXPENSES

The New Fund Offer expenses of the scheme will be borne by the AMC.

C. ANNUAL SCHEME RECURRING EXPENSES

(These are the fees and expenses for operating the scheme. These expenses include Investment Management and Advisory Fee charged by the AMC, Registrar and Transfer Agents' fee, marketing and selling costs etc. as given in the table below):

The total fees and expenses for operating the scheme as listed hereunder would be 2.00% (plus additional regulatory expense) of the daily net assets which includes expenses towards management fees, commission, marketing expense and other expense relating to operating the scheme.

Expense Head	% p.a. of daily Net Assets* (Estimated p.a.)
Investment Management & Advisory Fee	Upto 2.00%
Audit fees/fees and expenses of trustees	
Custodial Fees	
Registrar & Transfer Agent Fees including cost of providing account statements / IDCW / redemption cheques/ warrants

Costs related to investor communications	
Costs of fund transfer from location to location	
Cost towards investor education & awareness	
Brokerage & transaction cost pertaining to distribution of units	
Goods & Services Tax on expenses other than investment and advisory fees	
Goods & Services Tax on brokerage and transaction cost	
Other Expenses (to be specified as per Reg 52 of SEBI MF Regulations)	
Maximum Total expenses ratio (TER) permissible under Regulation 52 (6) (a) (iii) ^	Upto 2.00%
Additional expenses under Regulations 52(6A)(c)	Upto 0.05%
Additional expenses for gross new inflows from specified cities	Upto 0.30%

^ Fund of Funds (FoFs) investing more than 80% of its NAV in the underlying domestic funds shall not be required to set aside 2bps of the daily net assets towards investor education and awareness initiatives.

Investors are requested to note that they will be bearing recurring expenses of the fund of funds scheme in addition to the expenses of the underlying schemes in which the Fund of Funds scheme makes investments.

As per SEBI (MF) Regulations, 1996, the total expenses of the scheme including weighted average of total expense ratio levied by the underlying schemes shall not exceed 1.00 per cent of the daily net assets of the scheme.

Provided that the total expense ratio to be charged over and above the weighted average of the total expense ratio of underlying schemes shall not exceed two times the weighted average of the total expense ratio levied by the underlying scheme(s), subject to the overall ceiling of 1.00 per cent.

In addition to the recurring expense mentioned above, additional expenses of 0.05% of daily net assets of the scheme shall be chargeable. However, such additional expenses shall not be charged in case of schemes where exit load is not levied / not applicable.

@ Brokerage and transaction costs (inclusive of GST) which are incurred for the purpose of execution of trades, shall be charged to the scheme as per Regulation 52(6A)(a) of SEBI (Mutual Funds) Regulations, 1996 not exceeding 0.12 per cent in case of cash market transactions and 0.05 per cent in case of derivatives

transactions. With effect from April 1, 2023, to align with Indian Accounting Standards requirement, transactions cost incurred for the purpose of execution of trades are expensed out (viz. charged to Revenue Account instead of Capitalization (i.e. forming part of cost of investment)). Any payment towards brokerage and transaction cost, over and above the said 0.12 percent and 0.05 percent for cash market transactions and derivatives transactions respectively may be charged to the scheme within the maximum limit of Total Expense Ratio (TER) as prescribed under regulation 52 of the SEBI (Mutual Funds) Regulations, 1996.

The expense of 30 bps shall be charged if the new inflows from retail investors from B30 cities as specified from time to time are at least -

(i) 30 per cent of gross new inflows from retail investors in the scheme, or; (ii) 15 per cent of the average assets under management (year to date) of the scheme, whichever is higher:

Provided that if inflows from retail investors from B30 cities is less than the higher of sub-clause (i) or sub-clause (ii), such expenses on daily net assets of the scheme shall be charged on proportionate basis.

Provided further that expenses charged under this clause shall be utilized for distribution expenses incurred for bringing inflows from B30 cities. Provided further that amount incurred as expense on account of inflows from retail investors from B30 cities shall be credited back to the scheme in case the said inflows are redeemed within a period of one year from the date of investment.

In case inflows from retail investors from beyond top 30 cities is less than the higher of (i) or (ii) above, additional TER on daily net assets of the scheme shall be charged as follows:

Daily net assets X 30 basis points X New inflows from individuals from beyond top 30 cities

365* X Higher of (i) or (ii) above

* 366, wherever applicable.

For the above purposes, 'B30 cities' shall be beyond Top 30 cities as at the end of previous financial year as communicated by AMFI. Retail investors would mean individual investors from whom inflows into the Scheme would amount upto Rs. 2,00,000/- per transaction.

Note: SEBI vide its letter no. SEBI/HO/IMD-SEC-3/P/OW/2023/5823/1 dated February 24, 2023 and AMFI letter dated No. 35P/ MEM-COR/ 85-a/ 2022-23 dated March 02, 2023 has directed AMC's to keep B-30 incentive structure in abeyance with effect from March 01, 2023 till further notice.

Direct Plan shall have a lower expense ratio excluding distribution expenses, commission, etc and no commission for distribution of Units will be paid / charged under Direct Plan. All fees and expenses charged in a direct plan (in percentage terms) under various heads including the investment and advisory fee shall not exceed the fees and expenses charged under such heads in a regular plan.

The AMC shall adhere provisions of Chapter 10 of SEBI Master Circular dated June 27, 2024 and various guidelines specified by SEBI as amended from time to time, with reference to charging of fees and expenses.

Accordingly:

- a. All scheme related expenses including commission paid to distributors, shall be paid from the Scheme only within the regulatory limits and not from the books of the AMC, its associates, sponsor, trustee or any other entity through any route.
Provided that, such expenses that are not specifically covered in terms of Regulation 52 (4) can be paid out of AMC books at actual or not exceeding 2 bps of the Scheme AUM, whichever is lower.
- b. The Fund / the AMC shall adopt full trail model of commission in the Scheme, without payment of any upfront commission or upfronting of any trail commission, directly or indirectly, in cash or kind, through sponsorships, or any other route.

- c. All fees and expenses charged in a Direct Plan (in percentage terms) under various heads including the investment and advisory fee shall not exceed the fees and expenses charged under such heads in Regular Plan. No pass back, either directly or indirectly, shall be given by the Fund / the AMC / Distributors to the investors.

Illustration on impact of TER on returns of Direct Plan and Regular Plan

Particulars	Regular Plan	Direct Plan
Amount invested at the beginning of the year (Rs.)	10,000	10,000
Returns before Expenses (Rs.)	1,500	1,500
Expenses other than Distribution Expenses (Rs.)	150	150
Distribution Expenses (Rs.)	50	-
Returns after Expenses at the end of the year (Rs.)	1,300	1,350
Returns	13.00%	13.50%

Disclosure on Goods and Service Tax:

Goods and Service Tax on investment management and advisory fees shall be in addition to the above expense.

Further, with respect to Goods and Service Tax on other than management and advisory fees:

- Goods and Service Tax on other than investment and advisory fees, if any, shall be borne by the scheme within the maximum limit of TER as per regulation 52 of the Regulations.
- Goods and Service Tax on exit load, if any, shall be paid out of the exit load proceeds and exit load net of Goods and Service Tax, if any, shall be credited to the scheme.
- Goods and Service Tax on brokerage and transaction cost paid for asset purchases, if any, shall be within the limit prescribed under regulation 52 of the Regulations.

For the actual current expenses being charged to the Scheme, the investor should refer to the website of the mutual fund at www.bandhanmutual.com (Home>Total Expense Ratio of Mutual Fund Schemes). Any change proposed to the current expense ratio will be updated on the website at least three working days prior to the change.

As per the Regulations, the total recurring expenses that can be charged to the Scheme in this Scheme information document shall be subject to the applicable guidelines. The total recurring expenses of the Scheme, will however be limited to the ceilings as prescribed under Regulation 52(6) of the Regulations.

D. LOAD STRUCTURE

Exit Load is an amount which is paid by the investor to redeem the units from the scheme. Load amounts are variable and are subject to change from time to time. For the current applicable structure, please refer to the website of the AMC (www.Bandhanmutual.com) or may call at (toll free no.1-800-26666 88/ 1-800-2666688.) or your distributor.

Type of Load	Load chargeable (as %age of NAV)
Exit	Nil

No Exit load will be charged in case of switches made between different Plans and Options within the scheme.

SECTION II

I. INTRODUCTION

A. Definitions/interpretation

Refer the following link for Definitions/interpretations

<https://bandhanmutual.com/downloads/sid>

B. Risk factors

Scheme specific risk factors

Risk associated with investment in units of mutual funds:

- The investors will bear the recurring expenses of the Scheme in addition to the expenses of the Underlying Schemes in which Investments are made by the scheme. As a result, the returns that they may obtain may be materially impacted or at times be lower than the returns that investors directly investing in such Schemes may obtain.
- The Scheme returns can be impacted by issues pertaining to the NAVs of underlying schemes of mutual funds where the fund has invested. These could be issues such as uncharacteristic performance, changes in the business ownership and / or investment process, key staff departures etc.
- The returns of the Scheme will depend on the choice of underlying scheme of mutual funds and allocation of capital to underlying scheme by the Fund Manager. An inappropriate decision in either or both may have an adverse impact on the returns of the FoF Scheme.
- The NAVs of the underlying scheme where the Scheme has invested may be impacted generally by factors affecting securities markets, such as price and volume volatility in the capital markets, interest rates, currency exchange rates, changes in government policies, taxation laws or any other appropriate policies and other political and economic developments. Consequently, the NAV of the Scheme may fluctuate accordingly.
- Trading volumes, settlement periods and transfer procedures may restrict the liquidity of the investments made by the underlying scheme of mutual funds wherein the Scheme has invested. As a result, the time taken by the Mutual Fund for the redemption of units may be significant in the event of a high number of redemption requests or a restructuring of the scheme. In view of the above, the Trustee has a right in its sole discretion, to limit redemptions under certain circumstances as described under the section titled “Right to Restrict Redemptions”.
- If the AMC were to charge an Exit load and the underlying schemes do not waive/exempt the Exit Load charged on Investment/redemptions, the investors will incur load charges on two occasions. First, on their investment /redemptions/ switches in the options under the Scheme and second, on the Scheme’s investment / redemption / switches in the options under the underlying schemes.
- The tax benefits available to the FoF Scheme are the same as those available under the current taxation laws and subject to relevant conditions. The information given is included for general purposes only and is based on advice that the AMC has received regarding the law and the practice that is currently in force in India. The investors and the unitholders should be aware that the relevant fiscal rules and their interpretation may change. As is the case with any investment, there can be no guarantee that the tax position or the proposed tax position prevailing at the time of investment in the Scheme will endure indefinitely. In view of the individual nature of tax consequences, each Investor/unitholder is advised to consult his/her own professional tax advisor.
- There will be no prior intimation or prior indication given to the Unit holders when the composition/ asset allocation pattern under the scheme changes within the broad range defined in this Scheme Information Document.
- The scheme specific risk factors of each of the underlying schemes become applicable where a fund of funds invests in any underlying scheme. Investors who intend to invest in Fund of Funds are required

to and are deemed to have read and understood the risk factors of the underlying schemes relevant to the Fund of Fund scheme that they invest in.

- As the investors are incurring expenditure at both the Fund of Funds level and the schemes into which the Fund of Funds invests, the returns that they may obtain may be materially impacted or may at times be lower than the returns that investors directly investing in such schemes obtain.
- As the Fund of Funds scheme may shift the weightage of investments between schemes into which it invests, the expenses charged being dependent on the structure of the underlying schemes (being different) may lead to a non- uniform charging of expenses over a period of time.
- As the Fund of Funds (FOF) factsheets and disclosures of portfolio will be limited to providing the particulars of the schemes invested at FOF level, investors may not be able to obtain specific details of the investments of the underlying schemes.
- The NAV of the scheme to the extent invested in Money market securities, are likely to be affected by changes in the prevailing rates of interest which may affect the value of the Scheme's holdings and thus the value of the Scheme's Units.
- Investment decisions made by the AMC may not always be profitable.
- In the event of receipt of an inordinately large number of redemption requests and inability of the Underlying Scheme to generate enough liquidity because of market conditions, there may be delays in redemption of units.
- While the scheme endeavors to give Income Distribution cum capital withdrawal on a monthly basis, the ability for payment of the same will be dependent on the scheme having distributable surplus. Accordingly, investors may not get Income Distribution cum capital withdrawal in certain months in case distributable surplus is not available.
- While the Scheme will invest in an open ended fund, investors are requested to note that any steps taken by the underlying fund like imposing a freeze on redemption or winding up of the underlying fund will have an impact on the investors of Bandhan Income Plus Arbitrage Fund of Fund including but not limited to impact on the redemptions placed by the investors in of Bandhan Income Plus Arbitrage Fund of Fund.
- **Tracking Error Risk:** The underlying ETF/index fund may be subject to tracking error, which is the divergence of its performance from that of the Underlying Index. Tracking error may occur because of differences between the securities and other instruments held in the ETF/index fund portfolio and those included in the Underlying Index, pricing differences (including, as applicable, differences between a security's price at the local market close and the ETF's/index funds valuation of a security at the time of calculation of the Fund's NAV), transaction costs incurred by the ETF/index fund, the holding of uninvested cash, differences in timing of the accrual of or the valuation of dividends or interest, the requirements to maintain pass through tax treatment, portfolio transactions carried out to minimize the distribution of capital gains to shareholders, acceptance of custom baskets, changes to the Underlying Index or the costs to the ETF/index fund of complying with various new or existing regulatory requirements. This risk may be heightened during times of increased market volatility or other unusual market conditions. Tracking error also may result because the ETF/index fund incurs fees and expenses, while the Underlying Index does not.

Risk factor associated with Arbitrage Funds

- Identification and exploitation of the strategies to be pursued by the Fund Manager involves uncertainty. No assurance can be given that Fund Manager for Arbitrage Fund will be able to locate investment opportunities or to correctly exploit price discrepancies in the capital markets. Reduction in mis-pricing opportunities between the cash market and Future and Options market may lead to lower level of activity affecting the returns. As Arbitrage Funds execute arbitrage transactions in various markets simultaneously, this may result in high portfolio turnover and, consequently, high transaction cost.
- There may be instances, where the price spread between cash and derivative market is insufficient to meet the cost of carry. In such situations, the Fund Manager for Arbitrage Fund may not be able

to outperform liquid / money market funds due to lack of opportunities in the derivative market. Though the constituent stocks of most indices are typically liquid, liquidity differs across stock. Due to heterogeneity in liquidity in the capital market segment, trades on this segment do not get implemented instantly. This often makes arbitrage expensive, risky and difficult to implement.

Risks associated with investment in Debt / Money Markets instruments:

Investments in Financial Instruments are faced with the following kinds of risks. Risks associated with Debt / Money Markets (i.e. Markets in which Interest bearing Securities or Discounted Instruments are traded)

- a) Credit Risk:** Securities carry a Credit risk of repayment of principal or interest by the borrower. This risk depends on micro-economic factors such as financial soundness and ability of the borrower as also macro-economic factors such as Industry performance, Competition from Imports, Competitiveness of Exports, Input costs, Trade barriers, Favorability of Foreign Currency conversion rates, etc.

Credit risks of most issuers of Debt securities are rated by Independent and professionally run rating agencies. Ratings of Credit issued by these agencies typically range from "AAA" (read as "Triple A" denoting "Highest Safety") to "D" (denoting "Default"), with about 6 distinct ratings between the two extremes.

The highest credit rating (i.e. lowest credit risk) commands a low yield for the borrower. Conversely, the lowest credit rated borrower can raise funds at a relatively higher cost. On account of a higher credit risk for lower rated borrowers, lenders prefer higher rated instruments further justifying the lower yields.

- b) Price-Risk or Interest-Rate Risk:** From the perspective of coupon rates, Debt securities can be classified in two categories, i.e., Fixed Income bearing Securities and Floating Rate Securities. In Fixed Income Bearing Securities, the Coupon rate is determined at the time of investment and paid/received at the predetermined frequency. In the Floating Rate Securities, on the other hand, the coupon rate changes - 'floats' - with the underlying benchmark rate, e.g., MIBOR, 1 yr. Treasury Bill.

Fixed Income Securities (such as Government Securities, bonds, debentures and money market instruments) where a fixed return is offered, run price-risk. Generally, when interest rates rise, prices of fixed income securities fall and when interest rates drop, the prices increase. The extent of fall or rise in the prices is a function of the existing coupon, the payment-frequency of such coupon, days to maturity and the increase or decrease in the level of interest rates. The prices of Government Securities (existing and new) will be influenced only by movement in interest rates in the financial system. Whereas, in the case of corporate or institutional fixed income securities, such as bonds or debentures, prices are influenced not only by the change in interest rates but also by credit rating of the security and liquidity thereof.

Floating rate securities issued by a government (coupon linked to Treasury bill benchmark or a real return inflation linked bond) have the least sensitivity to interest rate movements, as compared to other securities. The Government of India has already issued a few such securities and the Investment Manager believes that such securities may become available in future as well. These securities can play an important role in minimizing interest rate risk on a portfolio.

- c) Risk of Rating Migration:** There is a risk of rating migration which may have impact on the yield of the security. For e.g.: On the price of a hypothetical AA rated security with a maturity period of 3 years, a coupon of 10.00% p.a. and a market value of Rs. 100. If it is downgraded to A category, which commands a market yield of, say, 11.00% p.a., its market value would drop to Rs. 97.53 (i.e. 2.47%) If the security is up-graded to AAA category which commands a market yield of, say, 9.00% p.a. its market value would increase to Rs102.51 (i.e. by 2.51%).

- d) Basis Risk:** During the life of floating rate security or a swap the underlying benchmark index may become less active and may not capture the actual movement in the interest rates or at times the benchmark may cease to exist. These types of events may result in loss of value in the portfolio. Where swaps are used to hedge an underlying fixed income security, basis risk could arise when the fixed income yield curve moves differently from that of the swap benchmark curve.
- e) Spread Risk:** In a floating rate security the coupon is expressed in terms of a spread or mark up over the benchmark rate. However, depending upon the market conditions the spreads may move adversely or favorably leading to fluctuation in NAV.
- f) Reinvestment Risk:** Investments in fixed income securities may carry reinvestment risk as interest rates prevailing on the interest or maturity due dates may differ from the original coupon of the bond. Consequently, the proceeds may get invested at a lower rate.
- g) Liquidity Risk:** The corporate debt market is relatively illiquid vis-a-vis the government securities market. There could therefore be difficulties in exiting from corporate bonds in times of uncertainties. Liquidity in a scheme therefore may suffer. Even though the Government Securities market is more liquid compared to that of other debt instruments, on occasions, there could be difficulties in transacting in the market due to extreme volatility or unusual constriction in market volumes or on occasions when an unusually large transaction has to be put through. In view of this, redemption may be limited or suspended after approval from the Boards of Directors of the AMC and the Trustee.

Risks associated with segregated portfolio:

1. Liquidity risk – A segregated portfolio is created when a credit event / default occurs at an issuer level in the scheme. This may reduce the liquidity of the security issued by the said issuer, as demand for this security may reduce. This is also further accentuated by the lack of secondary market liquidity for corporate papers in India. As per SEBI norms, the scheme is to be closed for redemption and subscriptions until the segregated portfolio is created, running the risk of investors being unable to redeem their investments. However, it may be noted that, the proposed segregated portfolio is required to be formed within one day from the occurrence of the credit event. Investors may note that no redemption and subscription shall be allowed in the segregated portfolio. However, in order to facilitate exit to unit holders in segregated portfolio, AMC shall list the units of the segregated portfolio on a recognized stock exchange within 10 working days of creation of segregated portfolio and also enable transfer of such units on receipt of transfer requests. For the units listed on the exchange, it is possible that the market price at which the units are traded may be at a discount to the NAV of such Units. There is no assurance that an active secondary market will develop for units of segregated portfolio listed on the stock exchange. This could limit the ability of the investors to resell them.
2. Valuation risk - The valuation of the securities in the segregated portfolio is required to be carried out in line with the applicable SEBI guidelines. However, it may be difficult to ascertain the fair value of the securities due to absence of an active secondary market and difficulty to price in qualitative factors.

C. Risk mitigation strategies

The Fund by utilizing a holistic risk management strategy will endeavor to manage risks associated with investing in debt and equity markets. The risk control process involves identifying & measuring the risk through various risk measurement tools.

The Fund has identified following risks of investing in equity and debt and designed risk management strategies, which are embedded in the investment process to manage such risks.

Risk	Risk mitigants / management strategy
Risk associated with investment in units of Mutual Fund	The Mutual Fund Schemes are highly regulated by SEBI and they have to ensure compliance with the applicable regulatory requirements thereby mitigating the risk. Further, the Mutual Fund portfolios are generally well diversified and typically endeavor to provide liquidity on a T+1/T+2 basis and aim to mitigate any risks arising out of underlying investments.
Risk factor associated with Arbitrage Funds	• The underlying schemes will try and mitigate this risk by investing in large number of companies so as to maintain optimum diversification and keep stock specific concentration risk relatively low. • Market risk is a risk which is inherent to an equity scheme. The Schemes may use derivatives to limit this risk. • The underlying scheme may invest in derivative for the purpose of hedging, portfolio balancing and other purposes as may be permitted under the Regulations. Derivatives will be used in the form of Index Options, Index Futures, Stock Options and Stock Futures and other instruments as may be permitted by SEBI. All derivatives trade will be done only on the exchange with guaranteed settlement. Fund managers will endeavor to use derivatives which are liquid and traded frequently on the exchanges. Exposure with respect to derivatives shall be in line with regulatory limits and the limits specified in the SID. No OTC contracts will be entered into. • As such the liquidity of stocks that the underlying Scheme invests into could be relatively low. The Scheme will try to maintain a proper asset-liability match to ensure redemption / Maturity payments are made on time.
Risks associated with investment in Debt / Money Markets instruments	Credit Risk: A traditional SWOT analysis will be used for identifying company specific risks. Management's past track record will also be studied. In order to assess financial risk a detailed assessment of the issuer's financial statements will be undertaken to review its ability to undergo stress on cash flows and asset quality. A detailed evaluation of accounting policies, off balance sheet exposures, notes, auditors' comments and disclosure standards will also be made to assess the overall financial risk of the potential borrower. In case of securitized debt instruments, the fund will ensure that these instruments are sufficiently backed by assets.
	Price-Risk or Interest-Rate Risk: The scheme will undertake the active portfolio management as per the investment objective to reduce the market risk. In a rising interest rates scenario the Fund Managers will endeavor to increase its investment in money market securities whereas if the interest rates are expected to fall the allocation to debt securities with longer maturity will be increased thereby mitigating risk to that extent.
	Reinvestment Risk: Reinvestment risks will be limited to the extent of coupons received on debt instruments, which will be a very small portion of the portfolio value.
	Quality risk: Fund universe carefully selected to only include high quality schemes
	Liquidity risk: Scheme will try to ensure that the investment made by the Scheme in the underlying funds is not material to the overall AuM of the underlying scheme.
	Concentration risk: Invest in multiple funds with varying investment style and allocation to different segment of the equity and debt markets
	Volatility: Control the asset allocation of the scheme to the equity and debt markets manage volatility.

Risk	Risk mitigants / management strategy
Risks associated with segregated portfolio	The Scheme will endeavor to realize the segregated holding in the best interest of the investor at the earliest.

II. Information about the scheme:

A. Where will the scheme invest –

Depending on the market conditions, the assets of the Scheme will be allocated in a diverse capitalization range of active and passive Debt oriented schemes, Arbitrage schemes and debt & money market instruments. Subject to the Regulations, the amount collected under this scheme can be invested in any (but not exclusively) of the following securities/ debt instruments:

1. Units of active and passive Debt oriented mutual fund schemes and arbitrage fund as per the limits specified in the asset allocation of respective schemes.
2. Money market instruments, including inter alia commercial paper, certificate of deposit, treasury bills and any other instruments permitted by SEBI/RBI, having maturities of up to one year and more than one year in repo/reverse repo/call money market or alternative as may be provided by RBI to meet liquidity requirements.
3. Pending deployment of funds of the Scheme in securities in terms of the investment objective of the Scheme, the AMC may park the funds of the Scheme in short-term deposits of scheduled commercial banks, subject to the guidelines mentioned under clause 12.16 of Master Circular dated June 27, 2024, as amended from time to time. The AMC shall not charge any investment management and advisory fees for parking of funds in such short-term deposits of scheduled commercial banks for the scheme.
4. Any other like instruments as may be permitted by RBI/ SEBI/such other Regulatory Authority from time to time, subject to regulatory approvals if any.

The securities/units may be acquired through Initial Public Offerings (IPOs), Continuous Offers, secondary market operations, private placement, or negotiated deals.

A broad description of various securities:

Debt Instruments:

1. Non-convertible debentures as well as bonds are securities issued by companies / institutions promoted / owned by the Central or State governments and statutory bodies, which may or may not carry a Central/State government guarantee, public and private sector banks, All India Financial Institutions, private sector companies. These instruments may be secured against the assets of the company or unsecured and generally issued to meet the short term and long term fund requirements. Rate of interest on such instruments would depend upon spread over corresponding government security, perceived risk, rating, tenor etc. These instruments include fixed interest security with/without put/call option, floating rate bonds, zero coupon bonds. Frequency of the interest payment could be either monthly/quarterly/half-yearly or annually.
2. Floating rate debt instruments are debt instruments issued by central government, state government, corporates, PSUs etc. with coupon reset periodically. The periodicity of reset could be daily, monthly, quarterly, half yearly and annually or any other periodicity as may be mutually agreed between the issuer and the Fund. The fund manager will have the flexibility to invest the debt component into floating rate debt securities in order to reduce the impact of rising interest rate in the economy.

3. Securities created and issued by the Central and State Governments as may be permitted by RBI, securities guaranteed by the Central and State Governments (including but not limited to coupon bearing bonds, zero coupon bonds and treasury bills). Special securities issued by the Government of India to entities like Oil Marketing Companies, Fertilizer Companies, the Food Corporation of India, etc. (popularly called oil bonds, fertilizer bonds and food bonds respectively) and special securities issued by the State Government under “Ujjwal Discom Assurance Yojna (UDAY) Scheme for Operational and Financial Turnaround of Power Distribution Companies (DISCOMs)” notified by Ministry of Power vide Office Memorandum (No 06/02/2015-NEF/FRP) dated November 20, 2015, (popularly called as UDAY Bonds). Central Government Securities are sovereign debt obligations of the Government of India with zero-risk of default and issued on its behalf by RBI. They form part of Government’s annual borrowing programme and are used to fund the fiscal deficit along with other short term and long term requirements. Such securities could be fixed rate, fixed interest rate with put/call option, zero coupon bond, floating rate bonds, capital indexed bonds, fixed interest security with staggered maturity payment etc.
4. Pass Through Certificate (PTC) represents beneficial interest in an underlying pool of cash flows. These cash flows represent dues against single or multiple loans originated by the sellers of these loans. PTCs may be backed, but not exclusively, by receivables of personal loans, car loans, two wheeler loans and other assets subject to applicable regulations.

Money Market Instruments:

1. Certificate of Deposits (CDs) is a negotiable money market instrument issued by scheduled commercial banks and select all-India Financial Institutions that have been permitted by the RBI to raise short term resources. The maturity period of CDs issued by the Banks is between 7 days to one year whereas in case of FIs, maturity is between one year to 3 years from the date of issue. CDs may be issued at a discount to face value. Banks/ FIs cannot buyback their own CDs before maturity.
2. Commercial Paper (CPs) is an unsecured negotiable money market instrument issued in the form of a promissory note, generally issued by the corporates, primary dealers and all India Financial Institutions as an alternative source of short-term borrowings. They are issued at a discount to the face value as may be determined by the issuer. CP is traded in the secondary market and can be freely bought and sold before maturity.
3. Treasury Bills (T-Bills) are issued by the Government of India to meet their short-term borrowing requirements. T-Bills are issued for maturities of 91 days, 182 days and 364 days. T-bills are issued at a discount to their face value and redeemed at par.
4. Non-Convertible Debentures of original or initial maturity upto one year issued by corporate (including NBFCs) by way of private placement in accordance with the provisions of master circular of RBI vide reference no. RBI/MRD/2016-17/32 dated July 7, 2016.
5. Tri-party Repo means a repo contract where a third entity (apart from the borrower and lender), called a Tri-Party Agent, acts as an intermediary between the two parties to the repo to facilitate services like collateral selection, payment and settlement, custody and management during the life of the transaction.
6. Repo (Repurchase Agreement) or Reverse Repo is a transaction in which two parties agree to sell and purchase the same security with an agreement to purchase or sell the same security at a mutually decided future date and price. The transaction results in collateralized borrowing or lending of funds. When the seller sells the security with an agreement to repurchase it, it is a Repo transaction whereas from the perspective of buyer who buys the security with an agreement to sell it at a later date, it is reverse repo transaction. Presently in India, G-Secs, State Government Securities, T-Bills and Corporate Debt Securities are eligible for Repo/Reverse Repo.

7. Bills Rediscounting. Bill rediscounting is a process where a financial institution (generally banks) discounts the bills of exchange that it has discounted previously with another financial institution. In other words, the original discounting bank sells its discounted bills to another bank or financial institution at a discount. The new institution pays the original institution the present value of the bills minus a discount, and in return, it becomes the holder of the bills until maturity, when it receives the full payment from the debtor. Bill rediscounting is a way for financial institutions to manage their liquidity and meet short-term funding requirements.
8. Cash Management Bills (CMB) are issued by Government of India to meet the temporary cash flow mismatches of the Government. CMBs are non-standard, discounted instruments issued for maturities less than 91 days. CMBs are issued at discount to the face value through auctions. The settlement of the auction will be on T+1 basis.

B. What are the investment restrictions?

Pursuant to Regulations, specifically the Seventh schedule and amendments thereto, the following investment restrictions are currently applicable to the Scheme:

1. A Fund of Fund scheme shall not invest in any other fund of fund scheme.
2. A Fund of Funds scheme shall not invest its assets other than in schemes of mutual funds, except to the extent of funds required for meeting the liquidity requirements for the purpose of repurchases or redemptions, as disclosed in the scheme information document of Fund of Funds scheme.
3. The Fund shall not borrow except to meet temporary liquidity needs of the Fund for the purpose of repurchase/ redemption of units or payment of interest and/or Income Distribution cum capital withdrawal to the Unitholders, provided that the Fund shall not borrow more than 20% (such % as mentioned by SEBI from time to time) of the net assets of the individual Scheme and the duration of the borrowing shall not exceed a period of 6 months.
4. Pending deployment of the funds of the Scheme in securities in terms of the investment objective of the Scheme, the AMC may park the funds of the Scheme in short term deposits of scheduled commercial banks, subject to the guidelines issued by SEBI from time to time. currently, the following guidelines/restrictions are applicable for parking of funds in short term deposits:
 - “Short Term” for such parking of funds by the Scheme shall be treated as a period not exceeding 91 days.
 - Such short-term deposits shall be held in the name of the Scheme.
 - The Scheme shall not park more than 15% of the net assets in short term deposit(s) of all the scheduled commercial banks put together. However, such limit may be raised to 20% with prior approval of the Trustee.
 - Parking of funds in short term deposits of associate and sponsor scheduled commercial banks together shall not exceed 20% of total deployment by the Mutual Fund in short term deposits.
 - The Scheme shall not park more than 10% of the net assets in short term deposit(s), with any one scheduled commercial bank including its subsidiaries.
 - The Scheme shall not park funds in short term deposit of a bank which has invested in that Scheme. The Trustees / AMCs shall ensure that the bank in which the Scheme has short term deposit do not invest in the Scheme until the Scheme has STD with such bank.
 - The AMC shall not charge any investment management and advisory fees for parking of funds in short term deposits of scheduled commercial banks.

However, the above provisions will not apply to term deposits placed as margins for trading in cash and Derivatives market.

5. The Scheme shall buy and sell securities on the basis of deliveries and shall in all cases of purchases, take delivery of relevant securities and in all cases of sale, deliver the securities;

Provided further that the Scheme may enter into derivatives transactions in a recognised stock exchange, subject to the framework specified by SEBI;

Provided further that sale of government security already contracted for purchase shall be permitted in accordance with the guidelines issued by the Reserve Bank of India in this regard.

6. The Scheme shall not make any investment in:
- any unlisted security of an associate or group company of the Sponsor; or
 - any security issued by way of private placement by any associate or group company of the Sponsor; or
 - the listed securities of group companies of the Sponsor in excess of 25% of its net assets.
7. Transfer of investments from one Scheme to another Scheme in the same Mutual Fund is permitted provided:
- such transfers are done at the prevailing market price for quoted instruments on spot basis and in line provisions under clause 12.30 of SEBI Master Circular and as may be specified by SEBI from time to time, in this regard; and
 - the securities so transferred shall be in conformity with the investment objective of the Scheme to which such transfer has been made.
 - the same are in line with clause 12.30 of SEBI Master Circular dated June 27, 2024.
8. The Fund shall get the securities purchased transferred in the name of the Fund on account of the concerned Scheme, wherever investments are intended to be of a long-term nature.
9. All the Scheme's investments will be in transferable securities or bank deposits or in money at call or any such facility provided by RBI in lieu of call.
10. The Scheme shall not invest more than 10% of its NAV in debt instruments comprising money market instruments and non-money market instruments issued by a single issuer which are rated not below investment grade by a credit rating agency authorised to carry out such activity under the SEBI Act. Such investment limit may be extended to 12% of the NAV of the Scheme with the prior approval of the Boards of the Trustee Company and the AMC;

Provided that such limit shall not be applicable for investments in Government Securities, treasury bills and tri-party repos on government securities or treasury bills.

Further, in accordance with clause 12.8 of SEBI Master Circular, within the limits specified above, following prudential limits shall be followed for the scheme:

The scheme shall not invest more than:

- 10% of its NAV in debt and money market securities rated AAA; or
- 8% of its NAV in debt and money market securities rated AA; or
- 6% of its NAV in debt and money market securities rated A and below issued by a single issuer.

The above investment limits may be extended by up to 2% of the NAV of the scheme with prior approval of the Board of Trustees and Board of Directors of the AMC, subject to compliance with the overall 12% limit specified in clause 1 of Seventh Schedule of MF Regulation.

Provided further that investment within such limit can be made in mortgaged backed securitised debt which are rated not below investment grade by a credit rating agency registered with SEBI.

11. No loans for any purpose can be advanced by the Scheme.
12. All investments by the Scheme in Commercial Papers (CPs) would be made only in CPs which are listed or to be listed.

The Scheme will comply with SEBI regulations and any other Regulations applicable to the investments of Mutual Funds from time to time. The Trustees may alter the above restrictions from time to time to the extent that changes in the Regulations may allow and/or as deemed fit in the general interest of the Unitholders.

All investment restrictions shall be applicable at the time of making the investment.

The Scheme will comply with the other Regulations applicable to the investments of Mutual Funds from time to time.

Apart from the Investment Restrictions prescribed under the Regulations, internal risk parameters for limiting exposure to a particular scrip or sector may be prescribed from time to time to respond to the dynamic market conditions and market opportunities.

The AMC/Trustee may alter these investment restrictions from time to time to the extent SEBI regulations/applicable rules change/permit so as to achieve the investment objective of the scheme. Such alterations will be made in conformity with SEBI regulations.

The investment restrictions specified shall be applicable at the time of making the investment and it is clarified that changes need not be effected, merely by reason of appreciation or depreciation in value. In case the limits are exceeded due to reasons beyond the control of the AMC (such as receipt of any corporate or capital benefits or amalgamations), the AMC shall adopt necessary measures of prudence to reset the situation having regard to the interest of the investors.

C. Fundamental Attributes

D. Index methodology (for index funds, ETFs and FOFs having one underlying domestic ETF)- Disclosures regarding the index, index eligibility criteria, methodology, index service provider, index constituents, impact cost of the constituents – Not Applicable

E. Principles of incentive structure for market makers (for ETFs) – Not Applicable

F. Floors and ceiling within a range of 5% of the intended allocation against each sub class of asset, as per clause 13.6.2 of SEBI master circular for mutual funds dated June 27, 2024 (only for close ended debt schemes) – Not Applicable

G. Other Scheme Specific Disclosures:

Listing and transfer of units	The Scheme is an open ended scheme, sale and repurchase is available on a continuous basis and therefore the Units of the Scheme are presently not proposed to be listed on any stock exchange . However, the Fund may at its sole discretion list the Units under the Scheme on one or more Stock Exchanges at a later date, and thereupon the Fund will make a suitable public announcement to that effect. In accordance with clause 14.4.4 of SEBI Master Circular units of the Scheme that are held in electronic (demat) form, will be transferable and will be subject to the transmission facility in accordance with the provisions of SEBI (Depositories and Participants) Regulations, 1996 as may be amended from time to time. Units of the Scheme are freely transferable in demat and non demat mode. If a person becomes a holder of the Units consequent to operation of law, or upon enforcement of a pledge, the Fund will, subject to production of satisfactory evidence, effect the transfer, if the transferee is otherwise eligible to hold the Units. Similarly, in cases of transfers taking place consequent to death, insolvency etc., the transferee's name will be recorded by the Fund subject to production of satisfactory evidence.
Dematerialization of units	Unit holder has an option to subscribe in dematerialized (demat) form the units of the Scheme in accordance with the provisions laid under the Scheme and in terms of the guidelines/ procedural requirements as laid by the Depositories (NSDL/CDSL) from time to time. In case, the Unit holder desires to hold the Units in a Dematerialized /Rematerialized form at a later date, the request for conversion of units held in non-demat form into Demat (electronic) form or vice-versa should be submitted along with a Demat/Remat Request Form to their Depository Participants. Units held in demat form will be transferable subject to the provisions laid

	under the scheme and in accordance with provisions of Depositories Act, 1996 and the Securities and Exchange Board of India (Depositories and Participants) Regulations, 2018 as may be amended from time to time
Minimum Target amount (This is the minimum amount required to operate the scheme and if this is not collected during the NFO period, then all the investors would be refunded the amount invested without any return.)	The Scheme seeks to collect Rs. 20 crores as the minimum subscription and would retain any excess subscription collected. If the Scheme does not collect the minimum subscription during the NFO, refund will be made within 5 Business Days from closure of the NFO.
Maximum Amount to be raised (if any)	Nil
Dividend Policy (IDCW)	The Scheme will endeavor to declare Income Distribution cum Capital Withdrawal (“ IDCW ”) from time to time. The IDCW shall be dependent on the availability of distributable surplus as on the Record Date. The Mutual Fund is not assuring any declaration of dividend under IDCW option nor is it assuring that it will make any IDCW distributions. All IDCW distributions would depend on the performance of the scheme. Under this Option, IDCW amount payable of upto Rs. 100/- under a folio shall compulsorily be reinvested in the same option of the Scheme. Such IDCW shall be re-invested at the prevailing ex- IDCW Net Asset Value per Unit on the Record Date.
Allotment (Detailed procedure)	For NFO allotment and fresh purchase during ongoing sales with creation of a new Folio: • The AMC shall allot the units to the applicant whose application has been accepted and also send confirmation specifying the number of units allotted to the applicant by way of email and/or SMS's to the applicant's registered email address and/or mobile number within five working days from the date of closure of the NFO / transaction. • The AMC shall issue to the investor whose application has been accepted, an account statement specifying the number of units allotted within five business days of closure of NFO/transaction. For allotment in demat form the account statement shall be sent by the depository / depository participant, and not by the AMC. • For NFO allotment in demat form, the AMC shall issue units in dematerialized form to a unit holder within two working days of the receipt of request from the unit holder. For those unitholders who have provided an e-mail address, the AMC will send the account statement by e-mail instead of physical statement. • The unitholder may request for an account statement by writing / calling us at any of the ISC and the AMC shall provide the account statement to the investor within 5 business days from the receipt of such request. Pursuant to clause 14.4 of SEBI Master Circular, investors are requested to note the following regarding dispatch of account statements:

A) Consolidated Account Statement (CAS) - for Unitholders who have registered their PAN / PEKRN with the Mutual Fund:

Investors who hold demat account and have registered their PAN with the mutual fund:

For transactions in the schemes of Bandhan Mutual Fund, a Consolidated Account Statement, based on PAN of the holders, shall be sent by Depositories to investors holding demat account, for each calendar month on or before fifteenth day of the succeeding month to the investors in whose folios transactions have taken place during that month.

Due to this regulatory change, AMC has now ceased sending account statement (physical / e-mail) to the investors after every financial transaction including systematic transactions.

The CAS shall be generated on a monthly basis. AMCs/ RTAs shall share the requisite information with the Depositories on monthly basis to enable generation of CAS. Consolidation of account statement shall be done on the basis of PAN. In case of multiple holding, it shall be the PAN of the first holder and pattern of holding. Based on the PANs provided by the AMCs/MF-RTAs, the Depositories shall match their PAN database to determine the common PANs and allocate the PANs among themselves for the purpose of sending CAS. For PANs which are common between depositories and AMCs, the Depositories shall send the CAS.

In case investors have multiple accounts across the two depositories, the depository having the demat account which has been opened earlier shall be the default depository which will consolidate details across depositories and MF investments and dispatch the CAS to the investor. However, option shall be given to the demat account holder by the default depository to choose the depository through which the investor wishes to receive the CAS.

In case of demat accounts with nil balance and no transactions in securities and in mutual fund folios, the depository shall send the account statement to the investor as specified under the regulations applicable to the depositories.

Consolidated account statement sent by Depositories is a statement containing details relating to all financial transactions made by an investor across all mutual funds viz. purchase, redemption, switch, Payout of IDCW option, Reinvestment of IDCW option, systematic investment plan, systematic withdrawal plan, systematic transfer plan, bonus etc. (including transaction charges paid to the distributor) and transaction in dematerialised securities across demat accounts of the investors and holding at the end of the month. The CAS shall also provide the total purchase value / cost of investment in each scheme.

Further, a consolidated account statement shall be sent by Depositories every half yearly (September/March), on or before twenty first day of succeeding month.

Such half-yearly CAS shall be issued to all MF investors, excluding those investors who do not have any holdings in MF schemes and where no commission against their investment has been paid to distributors, during the

	concerned half-year period. Investors whose folio(s)/demat account(s) are not updated with PAN shall not receive CAS. Investors are therefore requested to ensure that their folio(s)/demat account(s) are updated with PAN. For Unit Holders who have provided an e-mail address to the Mutual Fund or in KYC records, the CAS will be sent by e-mail. However, where an investor does not wish to receive CAS through email, option shall be given to the investor to receive the CAS in physical form at the address registered in the Depository system. Investors who do not wish to receive CAS sent by depositories have an option to indicate their negative consent. Such investors may contact the depositories to opt out. <u>Other investors:</u> The Consolidated Account Statement (CAS) for each calendar month shall be issued on or before fifteenth day of succeeding month to the investors who have provided valid Permanent Account Number (PAN) / PAN Exempt KYC Registration Number (PEKRN). Due to this regulatory change, AMC has now ceased sending physical account statement to the investors after every financial transaction including systematic transactions. The CAS shall be generated on a monthly basis. The Consolidated Account Statement issued is a statement containing details relating to all financial transactions made by an investor across all mutual funds viz. purchase, redemption, switch, Payout of IDCW option, Reinvestment of IDCW option, systematic investment plan, systematic withdrawal plan, systematic transfer plan, bonus etc. (including transaction charges paid to the distributor) and holding at the end of the month. The CAS shall also provide the total purchase value / cost of investment in each scheme. Further, a consolidated account statement shall be issued every half yearly (September/March), on or before twenty first day of succeeding month. Such half-yearly CAS shall be issued to all MF investors, excluding those investors who do not have any holdings in MF schemes and where no commission against their investment has been paid to distributors, during the concerned half-year period. The CAS will be sent via email (instead of physical statement) where any of the folios consolidated has an email id or to the email id of the first unit holder as per KYC records. B) For Unitholders who have not registered their PAN / PEKRN with the Mutual Fund: For folios not included in the Consolidated Account Statement (CAS): The AMC shall allot the units to the applicant whose application has been accepted and also send confirmation specifying the number of units
--	--

	allotted to the applicant by way of email and/or SMS's to the applicant's registered email address and/or mobile number within five working days from the date of transaction. • The AMC shall issue account statement to the investors on a monthly basis, pursuant to any financial transaction in such folios on or before tenth day of succeeding month. The account statement shall contain the details relating to all financial transactions made by an investor during the month, the holding as at the end of the month and shall also provide the total purchase value / cost of investment in each scheme. • For those unitholders who have provided an e-mail address, the AMC will send the account statement by e-mail instead of physical statement. • The unitholder may request for an account statement by writing / calling us at any of the ISC and the AMC shall provide the account statement to the investor within 5 business days from the receipt of such request. Further, an account statement shall be sent by the AMC every half yearly (September/March), on or before twenty first day of succeeding month. Such half-yearly account statement shall be issued to all investors, excluding those investors who do not have any holdings in BANDHAN MF schemes and where no commission against their investment has been paid to distributors, during the concerned half-year period. C) For all Unitholders In case of a specific request received from the unit holder, the AMC shall provide the account statement to the investor within 5 business days from the receipt of such request.
Refund	If the application is rejected full amount will be refunded within 5 working days of closure of the NFO. If refunded later than 5 working days interest @15% p.a. for delay period will be paid and charged to the amc.

MFCentral as Official Point of Acceptance:

For enhancing investors’ experience in Mutual Fund transactions / service requests, the Qualified RTAs (QRTA’s), Kfin Technologies Private Limited (Kfintech) and Computer Age Management Services Limited (CAMS) have jointly developed MFCentral - A digital platform for Mutual Fund investors.

MFCentral is created with an intent to be a one stop portal / mobile app for all Mutual fund investments and service-related needs that significantly reduces the need for submission of physical documents by enabling various digital / phygital services to Mutual fund investors across fund houses subject to applicable Terms & Conditions of the Platform. MFCentral may be accessed using <https://mfcentral.com/>

Any registered user of MFCentral, requiring submission of physical document as per the requirements of MFCentral, may do so at any of the designated Investor Service centres or collection centres of Kfintech or CAMS.
