COMMISSION IMPLEMENTING REGULATION (EU) 2025/1427

of 17 July 2025

making imports of certain polyethylene terephthalate ('PET') originating in Vietnam subject to registration

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) 2016/1036 of the European Parliament and of the Council of 8 June 2016 on protection against dumped imports from countries not members of the European Union ⁽¹⁾ ('the basic Regulation') and in particular Article 14(5) thereof,

After informing the Member States,

Whereas:

- (1) On 22 May 2025, the European Commission ('the Commission') announced, by a notice published in the *Official Journal of the European Union* ⁽²⁾, the initiation of an anti-dumping proceeding with regard to imports into the Union of PET originating in Vietnam.
- (2) This initiation followed a complaint lodged on 9 April 2025 by PET Europe on behalf of producers representing more than 25 % of the total Union production of PET.

1. PRODUCT SUBJECT TO REGISTRATION

- (3) The product subject to registration ('the product concerned') is polyethylene terephthalate ('PET'), having a viscosity of 78 ml/g or higher, according to ISO Standard 1628-5 currently classified under CN code 3907 61 00. The CN code is given for information only and without prejudice to a subsequent change in the tariff classification.

2. REGISTRATION

- (4) Under Article 14(5) of the basic Regulation, imports of the product concerned may be made subject to registration for the purpose of ensuring that, if the investigation results in findings leading to the imposition of anti-dumping duties, those duties can, if the necessary conditions are fulfilled, be levied retroactively on the registered imports in accordance with the applicable legal provisions.
- (5) The Commission has decided to make imports of the product concerned subject to registration on its own initiative under Article 14(5) of the basic Regulation. The conditions for retroactive collection of duties will be assessed in the regulation imposing definitive duties if any.
- (6) Any future liability would emanate from the findings of the anti-dumping investigation.
- (7) The calculations provided in the complaint requesting the initiation of an anti-dumping investigation estimate a dumping margin between 11 % and 19 % and an injury elimination level between 19 % and 28 % for the product concerned for the period from 1 October 2023 to 30 September 2024. The amount of possible future liability would normally be set at the lower of those two levels according to Article 7(2) of the basic Regulation.
- (8) However, at this stage the Commission is not in a position to estimate the amount of possible future liability. Thus, the amounts mentioned in the complaint are only for information purposes and cannot create any expectations as to the actual level of liability which will be established as a result of the investigation.

3. PROCESSING OF PERSONAL DATA

- (9) Any personal data collected in the context of this registration will be treated in accordance with Regulation (EU) 2018/1725 of the European Parliament and of the Council ⁽³⁾,

HAS ADOPTED THIS REGULATION:

Article 1

1. The customs authorities are hereby directed, under Article 14(5) of Regulation (EU) 2016/1036, to take the appropriate steps to register imports into the Union of polyethylene terephthalate ('PET'), having a viscosity of 78 ml/g or higher, according to ISO Standard 1628-5 currently classified under CN code 3907 61 00 and originating in Vietnam.
2. Registration shall expire nine months following the date of entry into force of this Regulation.

Article 2

This Regulation shall enter into force on the day following that of its publication in the *Official Journal of the European Union*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 17 July 2025.

For the Commission
The President
Ursula VON DER LEYEN
