BY THE TRADE AND COOPERATION AGREEMENT BETWEEN THE EUROPEAN UNION AND
THE EUROPEAN ATOMIC ENERGY COMMUNITY, OF THE ONE PART, AND THE UNITED
KINGDOM OF GREAT BRITAIN AND NORTHERN IRELAND, OF THE OTHER PART**

of 30 October 2025

**on the national electronic registers of road transport undertakings and the modalities of the
exchange of information contained in those registers [2025/2331]**

THE SPECIALISED COMMITTEE ON ROAD TRANSPORT,

Having regard to the Trade and Cooperation Agreement between the European Union and the European Atomic Energy Community, of the one part, and the United Kingdom of Great Britain and Northern Ireland, of the other part ⁽¹⁾ (the 'Trade and Cooperation Agreement'), and in particular Article 468(5) and Articles 13(2) and 14(5) of Section 1 of Part A of Annex 31 thereto,

Whereas:

- (1) Article 463(1) of the Trade and Cooperation Agreement provides that road haulage operators undertaking journeys referred to in Article 462 of that Agreement must hold a valid licence in accordance with Article 463(2) of that Agreement. Point (b) of Article 3 of Section 1 of Part A of Annex 31 to that Agreement provides that a road haulage operator must be of good repute, in accordance with Article 6 of Section 1 of Part A of Annex 31 to that Agreement.
- (2) Article 6 of Section 1 of Part A of Annex 31 to the Trade and Cooperation Agreement lays down detailed conditions relating to the requirement of good repute for a road haulage operator. In particular, paragraphs 2 and 3 lay down the conditions under which infringements incurred by an operator may lead to an administrative procedure by the competent authorities in the Party of establishment, and may lead to the loss of good repute. Appendix 31-A-1-1 further lays down a list of the seven most serious infringements which must trigger an administrative procedure by the competent authority in the Party of establishment. Decision No 1/2025 of the Specialised Committee on Road Transport established by the Trade and Cooperation Agreement ⁽²⁾ completed the list of serious infringements which may lead to the loss of good repute.
- (3) Articles 13 and 14 of Section 1 of Part A of Annex 31 to the Trade and Cooperation Agreement further provide that Parties are to set up national electronic registers of road transport undertakings which have been authorised to engage in the occupation of road haulage operator, as well as carry out individual checks on undertakings and exchange information on serious infringements committed by operators in the other Party. The data to be contained in the national electronic register, as well as the modalities of the exchange of information, are to be laid down by decision of the Specialised Committee on Road Transport.
- (4) The Union has set up the European Registers of Road Transport Undertakings (ERRU) to facilitate exchanges of information between the Member States of the Union in accordance with Commission Implementing Regulation (EU) 2016/480 ⁽³⁾. Given that the Union and the United Kingdom have agreed to the same basic principles of access to the occupation of road haulage operator as well as to a common list of infringements, it is appropriate and efficient in pursuit of the objectives of the Trade and Cooperation Agreement to provide for the technical connection of the United Kingdom to ERRU.

⁽²⁾ Decision No 1/2025 of the Specialised Committee on Road Transport established by the Trade and Cooperation Agreement between the European Union and the European Atomic Energy Community, of the one part, and the United Kingdom of Great Britain and Northern Ireland, of the other part, of 30 October 2025 on a list of categories, types and degrees of seriousness of serious infringements which may lead to the loss of good repute for a road haulage operator (OJ L, 2025/2330, 28.11.2025, ELI: <http://data.europa.eu/eli/dec/2025/2330/oj>).

⁽³⁾ Commission Implementing Regulation (EU) 2016/480 of 1 April 2016 establishing common rules concerning the interconnection of national electronic registers on road transport undertakings and repealing Regulation (EU) No 1213/2010 (OJ L 87, 2.4.2016, p. 4, ELI: http://data.europa.eu/eli/reg_impl/2016/480/oj).

- (5) The United Kingdom contributed to the development costs of ERRU as a Member State of the Union. The United Kingdom should contribute annually to the operational and maintenance of costs of ERRU.
- (6) In order to allow both Parties to develop their information and technology infrastructure allowing the implementation of this Decision, it is appropriate to establish a date of application of this Decision. Hence, this Decision should apply from 1 January 2026,

HAS ADOPTED THIS DECISION:
