TITLE 08**RESEARCH AND INNOVATION***Remarks*

These remarks apply to all the budget lines in this title.

Research and innovation activities under this title will contribute to two main research programmes, i.e. Horizon 2020 and Euratom. It will also cover research programmes of the Research Fund for Coal and Steel.

It will be carried out in order to pursue the general objectives set out in Article 179 of the Treaty on the Functioning of the European Union, in order to contribute to the creation of a society of knowledge, based on the European Research Area, i.e. supporting transnational cooperation at all levels throughout the Union, taking the dynamism, creativity and the excellence of European research to the limits of knowledge, strengthening human resources for research and for technology in Europe, quantitatively and qualitatively, and research and innovation capacities in the whole of Europe and ensuring optimum use thereof.

In Horizon 2020, gender equality is addressed as a cross-cutting issue in order to rectify imbalances between women and men and to integrate a gender dimension in research and innovation content. Particular account will be taken of the need to step up efforts to enhance the participation at all levels, including decision making, of women in research and innovation.

Also entered against these articles and items are the costs of high-level scientific and technological meetings, conferences, workshops and seminars of European interest organised by the Commission, the funding of high-level scientific and technological analyses and evaluations carried out on behalf of the Union to investigate new areas of research suitable for Union action, inter alia, in the context of the European Research Area, and measures to monitor and disseminate the results of the programmes, including measures under previous framework programmes.

These appropriations are also intended to cover administrative expenditure, including expenditure on staff, whether covered by the Staff Regulations or not, information, publications, administrative and technical operation, and certain other expenditure items relating to internal infrastructure linked with the achievement of the objective of the measure of which they form an integral part, including the action and initiatives necessary for preparation and monitoring of the Union's strategy on research, technological development and demonstration (RTD).

Revenue resulting from the cooperation agreement between the European Atomic Energy Community and Switzerland will be entered in Item 6 011 of the statement of revenue and may give rise to the provision of additional appropriations in accordance with Article 21 of the Financial Regulation.

Any revenue from the contribution by outside bodies to Union activities will be entered in Item 6 033 of the statement of revenue and may give rise to the provision of additional appropriations in accordance with Article 21 of the Financial Regulation.

Additional appropriations will be made available under Items 08 025 001, 08 035 001 and 08 045 001.

Administrative appropriations of this title will be provided under Article 080 105.

Remarks

These budgetary remarks are applicable to all the budget lines in this chapter.

This appropriation will be used for Horizon 2020 — the Framework Programme for Research and Innovation, which covers the 2014-2020 period and brings together all existing Union research and innovation funding, including the framework programme for research, the innovation related activities of the competitiveness and innovation framework programme and the European Institute of Innovation and Technology (EIT). The programme shall play a central role in the implementation of the Europe 2020 flagship initiative 'Innovation Union' and other flagship initiatives, notably 'A digital agenda for Europe' 'Resource-efficient Europe' and 'An industrial policy for the globalisation era', as well as in the development and functioning of the European Research Area (ERA). Horizon 2020 shall contribute to building an economy based on knowledge and innovation across the whole Union by leveraging sufficient additional research, development and innovation funding. This appropriation will be used also for the completion of the previous research programmes (Seventh Framework Programme and preceding framework programmes).

COMMISSION

CHAPTER 0802 — HORIZON 2020 — RESEARCH (*cont'd*)

This appropriation will be used in accordance with the Regulation (EU) No 1290/2013 of the European Parliament and of the Council of 11 December 2013 laying down the rules for the participation and dissemination in 'Horizon 2020 — the Framework Programme for Research and Innovation (2014-2020)' and repealing Regulation (EC) No 1906/2006 (OJ L 347, 20.12.2013, p. 81).

The contributions from the EFTA States pursuant to the Agreement on the European Economic Area, and in particular Article 82 thereof and Protocol 32 thereto, must be added to the appropriations entered in this chapter. By way of information, these amounts derive from contributions from the EFTA States entered against Article 630 of the statement of revenue, which constitute assigned revenue in accordance with points (b), (e) and (f) of Article 21(2) of the Financial Regulation; they give rise to the provision of corresponding appropriations and to implementation under the 'European Economic Area' Annex to this part of the statement of expenditure in this section, which forms an integral part of the general budget.

Any revenue from the contributions from candidate countries and, if applicable, the western Balkan potential candidates for participating in Union programmes entered in Item 6 031 of the statement of revenue may give rise to the provision of additional appropriations in accordance with points (b), (e) and (f) of Article 21(2) of the Financial Regulation.

*Excellent science**Remarks*

This priority of Horizon 2020 aims to reinforce and extend excellence in the Union's science base and ensure a steady stream of world-class research to secure the Union's long-term competitiveness. It will support the best ideas, develop talent within the Union, provide researchers with access to priority research infrastructure, and make the Union an attractive location for the world's best researchers. Research actions to be funded will be determined according to the need and opportunities of science, without pre-determined thematic priorities. The research agenda will be set in close liaison with the scientific community and research will be funded on the basis of excellence.

Remarks

Activities under the 'Future and emerging technologies' (FET) specific objective shall support fundamental science and technology research exploring new future technologies by challenging current paradigms and venturing into unknown areas. In addition, FET activities shall address a number of promising exploratory research themes with the potential to generate a critical mass of inter-related projects that, together, make up a broad and multifaceted exploration of the themes and build a European pool of knowledge. Finally, FET activities shall support ambitious large-scale, science-driven research aiming to achieve a scientific breakthrough. Such activities will benefit from the alignment of European and national agendas.

080 203 ***Societal challenges****Remarks*

This priority of Horizon 2020 responds directly to the policy priorities and societal challenges identified in the Europe 2020 strategy. Those activities will be implemented using a challenge-based approach which brings together resources and knowledge across different fields, technologies and disciplines. The activities will cover the full cycle from research to market, with a new focus on innovation-related activities such as piloting, demonstration, test beds, support for public procurement, design, end-user driven innovation, social innovation and market take-up of innovations. The activities will support directly the corresponding sectoral policy competences at Union level and take a gender-sensitive approach while aiming for balanced participation of men and women.

08 020 304 Achieving a European transport system that is resource-efficient, environmentally friendly, safe and seamless

Remarks

Under this activity emphasis will be placed on resource-efficient transport (e.g. accelerating the development and deployment of a new generation of electric and other low or zero emission aircraft, vehicles and vessels) as well as on better mobility with less congestion and more safety and security (e.g. promoting integrated door-to-door transport and logistics). The focus will also be on reinforcing the competitiveness and performance of European transport manufacturing industries and related services, by, for instance, developing the next generation of innovative transport means and preparing the ground for the following one. Activities aiming at improving the understanding of transport-related socioeconomic trends and prospects, and at providing policymakers with evidence-based data and analyses will also be supported.

Remarks

In line with the general objective of the Erasmus+ programme and in particular with the objectives of the Strategic framework for European cooperation in education and training (ET 2020), as well as in support of the sustainable development of third countries in the field of higher education, this appropriation is intended to pursue the following specific objectives in the field of education and training:

- to improve the level of key competences and skills with particular regard to their relevance for the labour market and contribution to a cohesive society, notably through increased opportunities for learning mobility and strengthened cooperation between the world of education and training and the world of work,
- to foster quality improvements, innovation excellence and internationalisation at the level of education and training institutions, notably through enhanced transnational cooperation between education and training providers and other stakeholders,
- to promote the emergence and raise awareness of a European lifelong learning area, to complement policy reforms at national level and to support the modernisation of education and training systems, notably through enhanced policy cooperation, better use of Union transparency and recognition tools and the dissemination of good practices,
- to enhance the international dimension of education and training, notably through cooperation between Union and third country institutions in the field of vocational education and training (VET) and in higher education, by increasing the attractiveness of European higher education institutions and supporting the Union's external action, including its development objectives, through the promotion of mobility and cooperation between the Union and third country higher education institutions and targeted capacity building in third countries,
- to improve the teaching and learning of languages and to promote the Union's broad linguistic diversity and intercultural awareness, including minority and endangered languages,
- to support free, high-quality public education in such a way as to guarantee that no pupil is denied access to or forced to break off any level of education on economic grounds, with particular attention being paid to the first years of schooling, with a view to preventing early school-leaving and ensuring that children from the least-favoured sections of society can be fully integrated.

CHAPTER 1502 — ERASMUS+ PROGRAMME (*cont'd*)**150201** (*cont'd*)15020101 (*cont'd*)

The contributions from the EFTA States pursuant to the Agreement on the European Economic Area, and in particular Article 82 thereof and Protocol 32 thereto, must be added to the appropriations entered in this item. By way of information, these amounts derive from contributions from the EFTA States entered against Article 630 of the statement of revenue, which constitute assigned revenue in accordance with points (b), (e) and (f) of Article 21(2) of the Financial Regulation; they give rise to the provision of corresponding appropriations and to implementation under the 'European Economic Area' Annex to this part of the statement of expenditure in this section, which forms an integral part of the general budget.

Any revenue from the contributions from candidate countries and, if applicable, the Western Balkan potential candidates for participating in Union programmes entered in Item 6 031 of the statement of revenue may give rise to the provision of additional appropriations, according to the same ratio as between the amount authorised for expenditure on administrative management and the total appropriations entered for the programme, in accordance with points (b), (e) and (f) of Article 21(2) of the Financial Regulation.

Any revenue from the contributions from the countries of the European neighbourhood area in accordance with the procedures defined with those countries following the framework Agreements providing for their participation in Union programmes as entered in Item 6 033 of the statement of revenue may give rise to the provision of additional appropriations, according to the same ratio as between the amount authorised for expenditure on administrative management and the total appropriations entered for the programme, in accordance with points (b), (e) and (f) of Article 21(2) of the Financial Regulation.

Any revenue from the contribution from the Swiss Confederation for participating in Union programmes entered under Item 6 033 of the statement of revenue may give rise to the provision of additional appropriations, in accordance with points (b), (e) and (f) of Article 21(2) of the Financial Regulation.

Any repayment from financial instruments pursuant to Article 209(3) of the Financial Regulation, including capital repayments, guarantees released, and repayment of the principal of loans, paid back to the Commission and entered in Item 6 411 of the statement of revenue may give rise to the provision of additional appropriations in accordance with point (f) of Article 21(3) of the Financial Regulation.

This appropriation should also be used to implement initiatives under Erasmus+ to continue work on the integration of refugees and contribute to a proper strategy at Union level.
