Union Home Minister congratulates the Army and all the security forces who increased India's honour through Operation Sindoor and Operation Mahadev

I want to tell the opposition that you had given POK, the work to bring it back will be done only by the Modi government

I can proudly say that no Hindu can ever be a terrorist

Under the opposition's rule, the army did not had even salt, matches and clothes to wear in the winter, forget about guns and cartridges

Today, under the Modi government, our army is equipped with modern weapons which can reduce Pakistan's entire air defense system into rubble in half an hour

Pakistan and terrorists want to send a message that Kashmir will not be free from terrorism but, Jammu and Kashmir will be freed from terrorism, this is Modi ji's resolve

If the Pahalgam attack had happened during the tenure of the opposition, Pakistan would have got a clean chit long ago

The only reason why terrorism flourished and spread in India is the opposition's policy of appeasement

Today's India sends missiles after terrorist attacks, not dossiers

Through Operation Sindoor, for the first time we attacked at the core of terrorism

The world has proof that these three terrorists were Pakistanis, but the opposition party is giving Pakistan a clean chit

The opposition's priority is not the security of the country or the elimination of terrorism, but vote bank politics

The opposition leaders blaming the name Operation Mahadev as having religious connotations have forgotten that Shivaji Maharaj fought for independence against the Mughals by giving the war cry of 'Har Har Mahadev'

Operation Sindoor was not stopped at anyone's behest. Pakistan came on its knees, its DGMO called and said...'Enough is enough, please stop it now'.

The opposition should tell whether the 1971 war was decisive? If it was, then why did terrorism spread?

Unless the enemy is scared or reforms itself, there will be no decisive end to terrorism. We will destroy terrorism

Terrorism increased in Kashmir due to the policies of the opposition, Jamaat-e-Islami and Hurriyat were promoted by the opposition due to which terrorism engulfed the entire Kashmir

Earlier only three families ruled Kashmir, today through the Panchayat elections the rule of the people of Kashmir has been established

Earlier terrorists did not come from outside, only Kashmiri youth used to pick up guns, in the last 6 months not even a single Kashmiri youth has joined terrorist organizations

Opposition leaders shed tears on the death of the terrorist in the Batla House encounter but not a single tear came out of their eyes for martyr Mohan Chand Sharma

Pandit Nehru committed the sin of giving 38,000 sq km of the country to China. It was Pandit Nehru who refused to become a permanent member of UNSC for China

Rajiv Gandhi Foundation signed MoU with China, took money from China, we legally cancelled Rajiv Gandhi Foundation's FCRA license

What kind of MoU did the opposition party sign with China, how much money did it take from China?

We won over Pakistan in 1971 but what did we do in the Shimla Agreement? We neither took PoK nor occupied 15,000 sq km of land, Not only this, 93,000 Pakistani prisoners of war were also released

Don't worry about PoK, our government will take back PoK too

In Sharm el-Sheikh, the then opposition government compromised with India's honour and gave Pakistan a clean chit on terrorism

Modi ji's leadership is sensitive, decisive and firm, and it is in our national interest

Under Modi ji's leadership, we will end terrorism from the country and Naxalism will end soon

He said that after the Pahalgam attack, NIA had recovered emptied cartridges from Baisaran valley and those were examined in the Forensic Science Lab. When these terrorists were killed, the rifles recovered from them were tested and after forensic matching, it was found with hundred percent surety that these three rifles were used in the Pahalgam attack. It was also found that 44 of these cartridges were of 19 M-4 carbines and 25 cartridges were of AK 47 rifles. Shri Shah said that the NIA conducted a thorough investigation and took statements of 1055 people and made sketches of the suspects and the three people who had given them shelter were also arrested.

He said that the opposition does not know that Har Har Mahadev is not just a slogan in a religion but it was the war cry of Shivaji Maharaj's army when he fought against the Mughals. Shri Shah said that this is a symbol of India, the retaliation given against the attack on India's sovereignty and the encroachment of India's borders. He said that in the CCS meeting, the 1960 Indus Water Treaty signed by Jawaharlal Nehru, which was unilaterally benefitting Pakistan, was suspended with immediate effect. He said that the Indus Water Treaty was one-sided and the farmers of India also have the right over the water, and now in a short time, drinking water will reach Kashmir, Punjab, Haryana, Rajasthan and Delhi from river Indus. He said that after this, the Integrated Check Post running through Attari was closed, the SAARC visas of Pakistani citizens were suspended and everyone was sent back to Pakistan.
