

PM shares an article on how India is reshaping its industrial landscape with a strong focus on electric mobility, green technology and self-reliant manufacturing

Posted On: 02 AUG 2025 2:05PM by PIB Delhi

The Prime Minister Shri Narendra Modi today shared an article on how India is reshaping its industrial landscape with a strong focus on electric mobility, green technology and self-reliant manufacturing.

Responding to a post by Union Minister Shri H.D. Kumaraswamy on X, the Prime Minister said:

“Union Minister Shri [@hd_kumaraswamy](#) writes that India is reshaping its industrial landscape with a strong focus on electric mobility, green technology and self-reliant manufacturing. Targeted schemes and public-private partnerships are driving this transformation.”
