

MOIL Achieves Highest-Ever July Production in FY'26

Posted On: 04 AUG 2025 9:41AM by PIB Delhi

MOIL achieved manganese ore production of 1.45 lakh tonnes in July 2025, marking an impressive growth of 12% over the corresponding period last year (CPLY), despite adverse weather conditions.

Despite heavy rainfall, MOIL demonstrated strong operational momentum during April–July 2025, with production at 6.47 lakh tonnes (7.8% growth y-o-y), sales of 5.01 lakh tonnes (10.7% higher than CPLY), and exploratory drilling of 43,215 meters (up 11.4% over CPLY).

Shri Ajit Kumar Saxena, CMD, congratulated the MOIL team for this remarkable performance and appreciated the continued efforts to enhance production & sales even under challenging weather conditions.
