

No Issues with Election Commission of India Website

Functioning Seamlessly since its Launch

Posted On: 08 AUG 2025 9:51PM by PIB Delhi

During the course of the day certain rumours and baseless allegations were being made regarding the non-functioning of the ECI Website leading to unwarranted confusion.

The primary site/link for E-Roll download for all states is <https://voters.eci.gov.in/download-eroll?statecode=S25>.

The above site has been working without any issues since it was launched and continues to be operational currently also.

The link from CEO websites (UP, Bihar, Maharashtra, Haryana and Rajasthan) are also working fine as they are mapped to the primary site of ECI i.e <https://voters.eci.gov.in/download-eroll?statecode=S25>

On the above link E-Roll data for all states is available.
