

Prime Minister says India is making remarkable strides in Space; Reforms encouraging youngsters and Startups to explore New Frontiers

Posted On: 23 AUG 2025 1:03PM by PIB Delhi

The Prime Minister, Shri Narendra Modi today said that India is making remarkable strides in the world of space, powered by the skills and talent of 140 crore Indians.

The Prime Minister further said that the Our Government has ushered in various reforms in the space sector, which have encouraged youngsters, private sector and Startups to explore new frontiers and contribute meaningfully to India's space journey.

Marking National Space Day, the Prime Minister expressed confidence that the country will achieve even greater heights in the space sector in the coming years. Shri Modi also reiterated the Government's commitment to empowering India's space journey.

Responding to the X thread posts of MyGovIndia about achievements of India's space journey and India's Space Startups, Shri Modi said;

“Powered by the skills of 140 crore Indians, our country is making remarkable strides in the world of space. And, we are going to do even more!

#NationalSpaceDay”
