

Prime Minister shares an article on how the Blue Economy is central to India's growth

Posted On: 19 SEP 2025 1:59PM by PIB Delhi

The Prime Minister, Shri Narendra Modi today shared an article written by Union Minister of State, Dr Jitendra Singh on how the Blue Economy is central to India's growth, combining prosperity, sustainability and national strength. "He highlights initiatives like Sagarmala, Deep Ocean Mission and Harit Sagar Guidelines to harness ocean resources while empowering communities, driving innovation and strengthening India's leadership in global ocean governance", Shri Modi stated.

Responding to a post by Union Minister of State, Dr Jitendra Singh on X, Shri Modi said:

"MoS @DrJitendraSingh writes that the Blue Economy is central to India's growth, combining prosperity, sustainability and national strength. He highlights initiatives like Sagarmala, Deep Ocean Mission and Harit Sagar Guidelines to harness ocean resources while empowering communities, driving innovation and strengthening India's leadership in global ocean governance."
