

Update on “Swasth Nari Sashakt Parivar” Abhiyaan

Over 11.31 lakh health camps have been held under the Abhiyaan, registering a footfall of more than 6.51 crore citizens nationwide

Posted On: 30 SEP 2025 6:09PM by PIB Delhi

The “*Swasth Nari Sashakt Parivar*” Abhiyaan, launched on 17th September 2025, continues to witness overwhelming participation across India with lakhs of women, children and families benefitting from comprehensive health services.

SNSPA Uttarakhand, 19th September 2025

“Under the Healthy Woman, Strong Family Campaign, at Primary Health Centre Bampa, located in the Vibrant Village area near the India-China border at an altitude of 3,320 meters in Joshimath block, Chamoli district, health personnel conducted health check-ups and provided treatment to the border residents.”

As of 29th September 2025, over **11.31 lakh health camps** (screening and speciality camps) have been held under the Abhiyaan, registering a **footfall of more than 6.51 crore citizens** nationwide.

Key highlights include:

- **Hypertension & Diabetes Screening:** Over **1.44 crore citizens** screened for hypertension and **1.41 crore** for diabetes.
- **Cancer Screening:** More than **31 lakh women** screened for breast cancer, and over **16 lakhs** for cervical cancer. Oral cancer screening has covered **almost 58 lakh people**.
- **Maternal and Child Health:** More than **54.43 lakh antenatal check-ups** conducted, while almost **1.28 crore children** received life-saving vaccines.
- **Anaemia & Nutrition:** More than **93 lakhs** screened for anaemia. Nutrition counselling

sessions reached lakhs of families.

- **TB & Sickle Cell Screening:** Over 71 lakh citizens screened for TB and 7.9 lakh for Sickle Cell Disease.
- **Blood Donation & PM-JAY:** More than 3.44 lakh blood donors registered, alongside more than 13 lakh new Ayushman/PM-JAY cards issued.

In addition to the extensive network of NHM health camps, **AIIMS, other Institutes of National Importance (INIs), tertiary care hospitals, Ayushman Arogya Mandirs, medical colleges, and private institutions** have also been at the forefront of this national drive. These facilities have hosted thousands of specialty camps, providing advanced screening, diagnostics, counselling and treatment services to beneficiaries, thereby complementing the efforts of state governments and community-level health workers.

Central Government Institutes, Medical Colleges and Private Organizations have cumulatively organised **20,269 screening and speciality health camps** benefiting more than **29 lakh citizens**.

The Swasth Nari Sashakt Parivar Abhiyaan marks the largest ever health outreach for women and children in India. The initiative, jointly led by the Ministry of Health & Family Welfare (MoHFW) and the Ministry of Women & Child Development (MoWCD), will involve organising more than 10 lakh health camps from 17th September to 2nd October at Ayushman Arogya Mandirs, Community Health Centres (CHCs), District Hospitals and other government health facilities across the country to provide women-centric preventive, promotive, and curative health services at the community level.
