Union Home Minister and Minister of Cooperation Shri Amit Shah today inaugurated and laid the foundation stone for development projects worth approximately ₹1816 crore of the Delhi Government in New Delhi. On this occasion, Chief Minister of Delhi Smt. Rekha Gupta, and several other dignitaries were present. Union Home Minister and Minister of Cooperation extended advance greetings to the people of Delhi for Diwali and Chhath Puja.

In his address, the Union Home Minister and Minister of Cooperation said that recently, Shri Narendra Modi completed 24 years of continuous service as Chief Minister and Prime Minister. He described Prime Minister Modi as the first personality in the country to serve the nation for such a long period—24 years—as the Chief Minister of a major state and then as the Prime Minister of great India. He said that during these 24 years, Prime Minister Modi initiated numerous new endeavors that laid the foundation for fulfilling the dreams of our freedom fighters. He emphasized that Prime Minister Modi has brought good governance to the ground level. Shri Shah said that Prime Minister Modi has resolved to secure the nation, advance the economy, and make India a

leader in every field by the centenary of India's independence in 2047. He mentioned that on Prime Minister Modi's birthday, the *Seva Pakhwada* began, during which 17 projects worth over 1700 crore were inaugurated and their foundation stones laid in Delhi. Today, as the *Seva Pakhwada* concludes, 11 projects costing 1800 crore are being inaugurated, and the foundation stones for 8 projects are being laid.

Shri Amit Shah highlighted that today's event holds special significance as approximately 80 percent of the projects initiated are linked to efforts to make the Yamuna River clean. He stated that when the people of Delhi chose change, Prime Minister Modi declared that purifying Mother Yamuna was the top priority of his government. Prime Minister Modi promised to complete the task of cleaning the Yamuna by 2029. By merely reducing corruption and spending less on advertisements, the purification of the Yamuna can be achieved. He said that the path to realizing the dream of a clean Yamuna has been paved. Shri Shah added that under PM Modi's leadership, a plan to clean the Yamuna up to Prayagraj within the next seven months has been prepared. He said that the previous government had promised to clean the Yamuna and take a dip in it, but they didn't take the dip, and the people of Delhi made them sink instead.

Union Home Minister said that Prime Minister Modi's resolve to purify the Yamuna is not a political move, but a program to honor the sacred place that the Yamuna holds in the hearts of our people. He said that during the rule of the previous governments, which were in power in Delhi for 15 years and 11 years respectively, the people of Delhi were deprived of development. However, our government, within the current five years itself, is working with the resolve to make our national capital renowned across the world for its development.

Shri Amit Shah said that on the very first day of Navratri, Prime Minister Modi reduced the GST rates on more than 395 items—either bringing them down to zero or 5 per cent. He also said that in the Union budget, income up to 12 lakh was made tax-free. If we look at both these initiatives together, the public has saved nearly 2.5 lakh crore. Shri Shah said that this transformation has been possible only because the people of the country have elected Shri Narendra Modi as Prime Minister for the third consecutive time.

Shri Amit Shah said that as soon as our government came to power in Delhi, the Ayushman Bharat scheme was implemented within the very first week. He stated that in the 57 Mohalla Clinics opened by the previous government, there were no glucometers, 45 had no X-ray machines, 21 lacked facilities to check pulse, and 38 clinics didn't even have thermometers. He said that treatment cannot be provided in such Mohalla Clinics. Shri Shah added that during its 11 years in power, the previous government was involved in several scams related to Mohalla Clinics, CNG, liquor, advertisements, medicines, classrooms, the Delhi Jal Board, Sheesh Mahal, CCTV, and panic buttons.

The Home Minister further said that the previous central government too was involved in scams worth 12 lakh crore, but in Prime Minister Modi's 11 years of governance, not a single allegation of corruption has been made. He said this clearly shows that our governments are truly dedicated to serving the people.

Union Home Minister and Minister of Cooperation Shri Amit Shah said that during the previous government's tenure, garbage mountains in Delhi had reached heights of up to 65 meters. He announced that by January 1, 2028, Delhiites will no longer see these garbage mountains; instead, beautiful gardens will begin to be developed at those sites. Shri Shah also remarked that since 2015, the previous Delhi government obstructed the benefits of schemes that Prime Minister Modi intended to deliver to the people of Delhi. The previous government failed to implement the Ayushman Bharat scheme, which provides free treatment up to 5 lakh, depriving Delhi's residents of its benefits.

Shri Amit Shah mentioned that as soon as his government came to power in Delhi, the Ayushman Bharat scheme was implemented within the first week. He criticized the previous government, stating that out of the 57 Mohalla Clinics they established, many lacked basic facilities: glucometers were absent in several, 45 clinics had no X-ray machines, 21 lacked pulse-measuring devices, and 38 clinics did not even have thermometers. He said that such clinics were incapable of providing proper treatment. Shri Shah further said that over 11 years, the previous government was involved in numerous scams related to Mohalla Clinics, CNG, liquor, advertisements, medicines, classrooms, the Delhi Jal Board, Sheeshmahal, CCTV, and panic buttons. He added that the previous central government had also been embroiled in scams worth 12 lakh crore, but in contrast, no allegations of corruption have been made against Prime Minister Modi's 11-year tenure. He emphasized that this reflects the dedication of their governments to serving the public.
