

Prime Minister shares an article highlighting India's advances in science, technology and innovation

Posted On: 31 OCT 2025 7:20PM by PIB Delhi

The Prime Minister, Shri Narendra Modi has shared an article by Union Minister Dr. Jitendra Singh that showcases India's remarkable progress in areas such as from Digital India to Deep tech, from Chandrayaan to bioeconomy and so much more!

Emphasising India's growing global leadership, the Prime Minister said that with collective efforts, the nation is redefining global leadership in science and innovation, and a confident Aatmanirbhar Bharat is now inspiring the world.

In a post on X, the Prime Minister said:

“India is setting the record straight, from Digital India to Deep tech, from Chandrayaan to bioeconomy and so much more!

With the efforts of us all, our country is redefining global leadership in science & innovation and a confident Aatmanirbhar Bharat is now inspiring the world.

Read the article by Union Minister @DrJitendraSingh to learn more about the advances made along the years.”
