

Vice-President Shri C. P. Radhakrishnan Congratulates ISRO and Indian Navy on the Successful Launch of CMS-03 Communication Satellite

प्रविष्टि तिथि: 02 NOV 2025 7:40PM by PIB Delhi

The Vice-President of India, Shri C. P. Radhakrishnan, has extended his heartiest congratulations to ISRO and the Indian Navy on the successful launch of the CMS-03 communication satellite.

The Vice-President lauded the achievement, noting that India's mighty LVM3-M5 rocket once again roared to the skies, successfully placing GSAT-7R (CMS-03) — the heaviest and most advanced communication satellite for the Indian Navy — into Geosynchronous Transfer Orbit (GTO).

He said the indigenously developed satellite will significantly strengthen space-based communications, connectivity, and maritime domain awareness across the Indian Ocean Region, marking yet another proud milestone in the pursuit of Aatmanirbhar Bharat.

Commending the dedicated efforts of Indian scientists and engineers, the Vice-President observed that ISRO continues to script remarkable milestones in space exploration.
