

MOIL Achieves Best-Ever October Production Since Inception

Posted On: 05 NOV 2025 3:56PM by PIB Delhi

MOIL has recorded production of **1.60 lakh tonnes of Manganese ore in October, 2025**, which is its **best ever October month production** since inception, higher by 9.1% in comparison to corresponding period last year (CPLY). During first seven months of FY'26, the company has recorded production of **11.04 lakh tonnes, which is higher by 8.5% over CPLY**.

Continuing its strong focus on exploration, MOIL has achieved its **highest-ever exploratory core drilling of 57,275 meters** during the period **April–October 2025**.

Commenting on the performance, **Shri Ajit Kumar Saxena, CMD, MOIL**, stated, “It is encouraging that the upward trend in production during the first seven months has been maintained. The MOIL team is fully geared up to register yet another impressive performance in the current year.”
