

Hurry Up! Innovators, Researchers and Entrepreneurs Invited to Showcase AI-Driven Energy Solutions to a Global Audience; Submit Abstracts by 21 November 2025 for Upcoming Casebook

Chapter Submission by December 2025; Casebook will highlight the real-world impact of AI in addressing challenges across energy production, distribution, and consumption

Casebook to Showcase Global AI Innovations in Energy and Foster Collaboration; Offers a Unique Opportunity to be Showcased at the India-AI Impact Summit 2026

Posted On: 12 NOV 2025 7:14PM by PIB Delhi

The IndiaAI Mission, under the Ministry of Electronics and Information Technology (MeitY), Government of India, in collaboration with the International Energy Agency (IEA), has announced a global Call for Abstracts for the upcoming Casebook on the Real-World Impact of Artificial Intelligence in Energy. The collaboration seeks to leverage the IEA's global expertise and analytical framework while supporting the vision of the IndiaAI Mission to foster responsible, inclusive, and impactful AI adoption in alignment with the Global South's sustainable energy goals

Jointly developed by IndiaAI and IEA, this casebook aims to give innovators, researchers and entrepreneurs a unique opportunity to showcase their AI-driven energy solutions to a global audience of policymakers, researchers, and industry leaders. The casebook will serve as a knowledge-sharing repository, enabling cross-sectoral and cross-country collaboration while aligning with the IndiaAI Mission and the Government of India's roadmap for a sustainable energy future.

Researchers, innovators, practitioners, and domain experts who have implemented successful, scalable, and impactful AI solutions in the energy sector are invited to submit their abstracts (maximum 200 words) by 21 November, 2025.

Important Dates

- **Last Date for Abstract Submission:** *21 November 2025*

- **Drafting of Chapters:** *December 2025*
- **Launch of Casebook at India-AI Impact Summit, 2026:** *19–20 February 2026*

For queries or clarifications, applicants may write to **fellow3.gpai-india@meity.gov.in** using the subject line: “*AI in Energy – Query – [Author Name]*”.

Shortlisted entries will be invited to contribute a chapter (800 words) in alignment with the casebook goals, set to be unveiled at the India-AI Impact Summit 2026 in New Delhi. Detailed submission guidelines and the application form are available at <https://impact.indiaai.gov.in/events/iea>

About International Energy Agency

The International Energy Agency (IEA) is a Paris-based autonomous intergovernmental organization, established in 1974, that provides policy recommendations, analysis and data on the global energy sector. The 32 member countries and 13 association countries of the IEA represent 75% of global energy demand.
