

# Shri Shripad Naik Inaugurates Ministry of Power Pavilion at 44th India International Trade Fair

## Seven Power PSUs Highlight Progress in India's Energy Ecosystem

Posted On: 14 NOV 2025 1:31PM by PIB Delhi

The Minister of State for Power, Shri Shripad Y. Naik, today inaugurated the Ministry of Power Pavilion at the 44th India International Trade Fair (14–27 November 2025) at Bharat Mandapam, New Delhi.

The Minister said that the Power Pavilion at IITF 2025 presents a powerful narrative of India's evolving energy journey, truly reflecting the spirit of '**Ek Bharat, Shreshtha Bharat.**' Through this pavilion, we showcase our nation's progress from conventional to clean energy and our shift towards a citizen-centric, technology-driven, inclusive, and sustainable power ecosystem. He informed that at this pavilion, seven PSUs are highlighting their collective contribution to India's power revolution and the vision of *Viksit Bharat @ 2047*.

Shri Naik urged youth, students, and energy professionals to visit the Power Pavilion and experience firsthand India's remarkable power sector journey. He said the pavilion offers an inspiring, technology-rich environment that helps visitors understand the nation's transition toward clean, reliable and future-ready energy, and the opportunities it presents for tomorrow's innovators.

### **About the Power Pavilion:**

The Ministry of Power Pavilion at IITF 2025 (Hall No. 1) offers an immersive showcase of India's evolving energy landscape, reflecting the theme “*Ek Bharat, Shreshtha Bharat.*” It highlights the nation's transition from conventional to clean power and from a supply-focused system to a citizen-centric approach rooted in technology, inclusivity, and sustainability. The pavilion also features contributions from seven PSUs—NTPC, NHPC, SJVN, THDC, PFC, Power Grid, and REC—demonstrating their unified role in advancing India's power revolution and the vision of *Viksit Bharat @ 2047.*

The Power Pavilion offers a dynamic and interactive experience through features such as a kinetic LED wall, anamorphic 3D display, immersive power journey zone, smart meter showcase, AI-driven Holobot, quiz stations, smart home demonstrations, EESL Mart, PSP diorama, themed selfie wall, AI photo booth, and a symbolic energy “Chakra” installation.
