The Vice-President praised the Government of Andhra Pradesh, led by Chief Minister Shri N. Chandrababu Naidu, for creating one of the most conducive business environments in the country. He said the Chief Minister's efforts in fostering innovation, infrastructure development, and a business-friendly ecosystem have positioned Andhra Pradesh as a national model for industrial growth.

The Vice-President elaborated on India's position as the world's fourth-largest economy and the fastest-growing major economy. He said the ease of doing business is at its best in India because reforms are taking place across every sector — be it labour laws, tax reforms, infrastructure development, or digital initiatives like Digital India. He said this is the right time to invest in India. He also highlighted that India now stands as the world's third-largest startup ecosystem and is poised to become a leading exporter of clean technology, reinforcing the nation's commitment to environmentally sustainable development.
