The Prime Minister Shri Narendra Modi today shared an article that reaffirmed India's emergence as a trusted global partner, highlighting the government's transformative labour reforms that are shaping a future-ready economy.

In a recent article, Union Minister Dr. Mansukh Mandaviya reflected on the far-reaching impact of these reforms, which simplify compliance, empower women workers, and strengthen Bharat's position in the global value chain.

The PMO India handle in a post on X said:

“The world acknowledges India's rise as a trusted global partner. The new labour reforms by the government reflect the commitment to a future-ready economy, simplifying compliance, empowering women workers and strengthening Bharat's position in the global value chain!”

Contemplate this through the insight-rich article by Union Minister Dr. @mansukhmandviya.”
