As on October, 2025, NP-NCD Programme Reports 36.05 Crore Diabetes Screenings Nationwide

As on 31st October 2025, NP-NCD Portal Records 31.88 crores Oral Cancer, 14.98 crores Breast Cancer and 8.15 crores Cervical Cancer Screenings Nationwide

41.14 Crore Teleconsultations delivered through AAM till 31st October 2025

प्रविष्टि तिथि: 09 DEC 2025 2:28PM by PIB Delhi

As reported by States/UTs on AAM portal, a total of 1,80,906 Ayushman Arogya Mandirs (AAMs) [erstwhile Ayushman Bharat Health and Wellness Centres (AB-HWCs)] have been operationalized by strengthening Sub Health Centres (SHCs) and Primary Health Centres (PHCs) in India, till 31.10.2025.

The AAMs incrementally provide 12 packages of primary health care services encompassing Reproductive and child care services, Communicable diseases, Non-Communicable Diseases (NCDs), Palliative Care and Elderly Care, Care for common mental disorders, neurological conditions (epilepsy, dementia) and substance use disorders management (tobacco, alcohol, drugs), oral health, ENT care, and basic emergency care. To complement the expanded services, the essential list of drugs & diagnostics has been expanded to make available 172 drugs & 63 diagnostics at PHC-AAMs and 106 drugs & 14 diagnostics at SHC-AAMs.

Key services being provided include comprehensive screening services for five common NCDs i.e. Hypertension, Diabetes, Oral Cancer, Breast Cancer and Cervical Cancer are provided at AAMs. As per National Programme for Prevention and Control of Non-Communicable Diseases (NP-NCD) portal, 38.79 crore screenings for hypertension, 36.05 crore screenings for diabetes, 31.88 crore screenings for oral cancer, 14.98 crore screenings for breast cancer and 8.15 crore screenings for cervical cancer have been conducted at SHCs & PHCs in rural & urban areas including AAMs till 31.10.2025.

In addition, the teleconsultation services, available at all operational AAMs across the country, enables people to access the specialist services closer to their homes addressing concerns of physical accessibility, shortage of service providers and to facilitate continuum of care. Total teleconsultations conducted at AAM

are 41.14 crore as on 31.10.2025.

With regard to the funds and approval, the details of State Program Implementation Plan (SPIP) approvals and expenditure for AAMs across the country under National Health Mission (NHM) during the last 3 years are as under (Rs. in crore):

FY	SPIP Approval	Expenditure
2022-23	4,346.60	2,233.53
2023-24	3,909.67	1,590.70
2024-25	3,051.15	1,211.02

Health Dynamics of India (HDI) (Infrastructure & Human Resources), is an annual publication, based on healthcare administrative data reported by States/UTs. Details of human resource and infrastructure facilities available in SHCs & PHCs including AAMs in the country, State/UT-wise, may be seen at the following link of HDI 2022-23:

https://mohfw.gov.in/sites/default/files/Health%20Dynamics%20of%20India%20%28Infrastructure%20%26%20Human%20Resources%29%202022-23_RE%20%281%29.pdf

Development Monitoring and Evaluation Office (DMEO), NITI Aayog has commissioned evaluation of AAM programme in July 2024 assessing its implementation and impact. The study highlights several encouraging outcomes, including significant improvements in infrastructure and increased community footfall because of wider access to Comprehensive Primary Health Care services—especially for NCD management, general Out-Patient Department (OPD) care, free medicines and diagnostics. The introduction of Community Health Officers has strengthened frontline service delivery and digital tools such as e-Sanjeevani have expanded access to specialist care. However, further strengthening is recommended with respect to HR availability and skill-based training, consistent availability of medicines & diagnostics, digital interoperability and data-driven planning, interdepartmental convergence and intensified community engagement to boost awareness and utilization of the full-service packages.

Under NHM, the performance of various health programmes is also regularly monitored in all the States/UTs, through review meetings, mid-term reviews of key deliverables, field visits of senior officials, promoting performance by setting up benchmarks for service delivery & rewarding achievements etc. Also, Common Review Missions (CRM) are conducted annually to assess and monitor the progress and implementation status under the scheme.

The Union Minister of State for Health and Family Welfare, Shri Prataprao Jadhav stated this in a written reply in the Rajya Sabha today.
