

PM-KUSUM Empowers Farmers as 'Urjadata', Reaching Over 20 Lakh Beneficiaries

Farmers Earn up to ₹80,000 per Hectare per Year by Leasing Land for Solar Plants

Solar Pumps under PM-KUSUM Help Farmers Save ₹60,000 Annually on Diesel

प्रविष्टि तिथि: 16 DEC 2025 12:11PM by PIB Delhi

PM-KUSUM is a demand driven scheme. The capacities are allocated based on demand received and progress shown by the States/UTs. The funds under PM KUSUM scheme are released based on the demand received, progress reported by the SIAs and as per provisions of the scheme guidelines.

The State/UT-wise details of the funds released during the last three years and current year till 30.11.2025 are placed at **Annexure-I**.

The State/ UT-wise number of beneficiaries under PM-KUSUM scheme is placed at **Annexure-II**.

Under Component A, farmers are enabled to adopt solar energy, becoming Urjadata along with Annadata and enhance their income. The farmers can lease their land for installation of solar power plants and can earn up to Rs 80,000/ha/yr. For the plants commissioned under Component A, the median average income is Rs 4.5 lakh/MW per month.

Under Component B, the existing diesel pumps are replaced with solar pumps. Assuming consumption of 4.6 litres per day (for 5 HP pumps) and with current diesel cost of around Rs 87/litre, the farmer can achieve the breakeven in less than a year. This results in saving of farmers of at least Rs 60,000/yr for diesel cost.

Under Component C, farmers can earn Rs 25000/acre/yr by leasing the land for installation of solar projects.

This information was submitted by Union Minister of State for New & Renewable Energy Shri Shripad Yesso Naik in a written reply Rajya Sabha today.

Annexure-I

State/UT-wise fund released under PM-KUSUM Scheme (as on 30.11.2025)

State	Fund released (<i>Rs in Crore</i>)			
	2022-23	2023-24	2024-25	2025-26
