

Prime Minister welcomes passage of SHANTI Bill by Parliament

प्रविष्टि तिथि: 18 DEC 2025 9:47PM by PIB Delhi

The Prime Minister, Shri Narendra Modi has welcomed the passage of the SHANTI Bill by both Houses of Parliament, describing it as a transformational moment for India's technology landscape.

Expressing gratitude to Members of Parliament for supporting the Bill, the Prime Minister said that it will safely power Artificial Intelligence, enable green manufacturing and deliver a decisive boost to a clean-energy future for the country and the world.

Shri Modi noted that the SHANTI Bill will also open numerous opportunities for the private sector and the youth, adding that this is the ideal time to invest, innovate and build in India.

The Prime Minister wrote on X;

“The passing of the SHANTI Bill by both Houses of Parliament marks a transformational moment for our technology landscape. My gratitude to MPs who have supported its passage. From safely powering AI to enabling green manufacturing, it delivers a decisive boost to a clean-energy future for the country and the world. It also opens numerous opportunities for the private sector and our youth. This is the ideal time to invest, innovate and build in India!”
