In its continued efforts to make the management of Waqf properties transparent, people-friendly, and accountable through the Unified Waqf Management, Empowerment, Efficiency and Development (UMEED) Central Portal, the Ministry of Minority Affairs launched two additional modules on it - Survey Module and Waqf Property Lease Module, on 30th January 2026.

The new modules were launched by Dr. Chandra Shekhar Kumar, Secretary, Ministry of Minority Affairs, in the presence of senior officials of the Ministry.

The Survey Module provides a comprehensive digital framework for capturing, managing, and updating information related to the survey of Waqf properties on the portal.

The Waqf Property Lease Management Module has been designed to facilitate end-to-end management of leasing-related information of Waqf properties through the portal. The module enables systematic recording and monitoring of key details such as lease information, lease period, lease amount, and other relevant particulars in a structured and transparent manner, thereby strengthening accountability and oversight in the leasing of Waqf properties.
