NHAI Sponsored Public InvIT 'Raajmarg Infra Investment Trust' Successfully Won the Concessions of Five National Highway Assets

Posted On: 09 FEB 2026 8:26PM by PIB Delhi

NHAI has accepted the offer of the Raajmarg Infra Investment Trust (RIIT) amounting to Rs. 9,500 crores towards asset monetization of five sections spanning over 260 km across four States. The monetized assets include the 80.52 km long Gorhar–Barwa Adda section in Jharkhand, the 69.4 km long Chilakaluripet–Vijayawada section in Andhra Pradesh, the 32.6 km long Chennai Bypass, the 33 km long Chennai–Tada section in Tamil Nadu, and the 44.6 km long Neelmangla–Tumkur section in Karnataka.

Commenting on the occasion, Shri Santosh Kumar Yadav, Chairman, NHAI, said, "Through this Public InvIT, retail investors will not only gain the opportunity to earn stable and attractive returns from operational National Highway assets but will also develop a sense of ownership and pride in contributing to the growth of national infrastructure."

The monetisation through Public InvIT is aligned with the Government of India's National Monetisation Pipeline objectives aimed at unlocking value from operational infrastructure assets and enhancing private sector participation in infrastructure management. Over the next 3 to 5 years, NHAI plans to provide further assets of about 1,500 km to RIIT.

NHAI-sponsored Raajmarg Infra Investment Trust (RIIT) aims to unlock the monetization potential of the National Highway assets while creating a high-quality, long-term investment instrument primarily targeting retail and domestic investors. The initiative marks an important step in broadening public participation in the National Highway infrastructure growth story. The development marks a significant milestone in NHAI's asset monetisation programme and demonstrates continued investor confidence in India's mature road infrastructure portfolio.
