### **PM to land at the Emergency Landing Facility (ELF) on Moran Bypass in Dibrugarh**

**ELF - first of its kind in Northeast India - will serve as a critical asset for strategic requirements and emergency response during natural disasters**

### **PM to inaugurate and flag off various projects worth over Rs. 5,450 crore in Guwahati**

### **PM to inaugurate Kumar Bhaskar Varma Setu across River Brahmaputra**

### **PM to inaugurate IIM Guwahati and also the National Data Centre for North-Eastern Region**

Posted On: 13 FEB 2026 11:38AM by PIB Delhi

Prime Minister Shri Narendra Modi will visit Assam on 14th February 2026. At around 10:30 AM, Prime Minister will land at the Emergency Landing Facility (ELF) on Moran Bypass in Dibrugarh, where he will witness the Aerial Display of Fighters, Transports and Helicopters. At around 1 PM, Prime Minister will visit Kumar Bhaskar Varma Setu across River Brahmaputra. Thereafter, at around 1:30 PM, Prime Minister will inaugurate and flag off various projects worth more than Rs 5,450 crore at Lachit Ghat, Guwahati.

The Emergency Landing Facility (ELF) is the first of its kind in Northeast India. It has been specially designed and constructed in coordination with the Indian Air Force to support landing and take-off of military and civil aircraft during emergencies. It will serve as a critical asset for emergency response, enabling quick deployment of rescue and relief operations during natural disasters or strategic requirements in the Northeast. Envisioned as dual-use infrastructure, the ELF is capable of handling fighter aircraft up to 40 tonnes and transport aircraft up to 74 tonnes maximum take-off weight.

Prime Minister will inaugurate several key projects aimed at accelerating connectivity, strengthening digital infrastructure, promoting higher education, and enhancing public transport, thereby giving a significant boost to development in the North-Eastern Region.

Prime Minister will inaugurate Kumar Bhaskar Varma Setu across River Brahmaputra, built at a cost of around Rs 3,030 crore. The 6-lane extradosed Prestressed Concrete (PSC) bridge connects Guwahati with North Guwahati and is the first extradosed bridge in Northeast India. It will cut travel time between

Guwahati-North Guwahati to 7 minutes. Considering the high seismicity of the region, the bridge incorporates base isolation technology using friction pendulum bearings. High-performance stay cables have been used to ensure durability and long-term structural performance. A Bridge Health Monitoring System (BHMS) has also been incorporated for real-time condition monitoring, early damage detection and improved safety and service life of the extradosed bridge.

Prime Minister will inaugurate the National Data Centre for North Eastern Region at Amingaon in Kamrup district of Assam. The state-of-the-art Data Centre, with a total sanctioned load of 8.5 MW and an average rack capacity of 10 kW per rack, will host mission-critical applications of various government departments and also function as a Disaster Recovery centre for other National Data Centres. This will enable governments in the Northeast to digitally facilitate delivery of essential citizen-centric services. Aligned with the vision of Digital India, National Data Centre for North Eastern Region has been envisaged as a strategic intervention to strengthen the region's ICT backbone and ensure robust, secure and always-available digital infrastructure. Prime Minister will also inaugurate IIM Guwahati, which will give a major fillip to higher education and management education in the North-Eastern Region.

Prime Minister will also flag off 225 electric buses under the PM-eBus Sewa Scheme in Guwahati (100), Nagpur (50), Bhavnagar (50) and Chandigarh (25). With the launch of e-bus operations under the PM-eBus Sewa Scheme in these four cities, more than 50 lakh citizens are expected to benefit through access to clean, affordable and reliable public transport services, contributing to improved urban mobility and enhanced quality of life.
