As on 8th February 2026, 11.12 cr. children and 3.78 cr. pregnant women are registered on U-WIN portal.

After every vaccination event, beneficiaries can download the QR code-based vaccination certificate from U-WIN portal. In the year 2025, 8.01 crore beneficiaries were registered in U-WIN and the digital QR code-based certificates were made available to them.

A total of 29.42 crore SMSs including reminder SMSs were sent to the beneficiaries during the year 2025 from U-WIN portal across the Country.

U-WIN has helped in line-listing of children due for vaccination. These children are digitally mapped on the portal for regular follow-ups with SMS alerts for ensuring their due doses. These children as identified also by the front-line workers, are provided their due vaccination which is duly recorded on U-WIN platform for ensuring completion of their routine immunization.

To improve health service delivery U-WIN is presently integrated with Ayushman Bharat Digital Mission (ABDM), POSHAN Tracker and SAFEVAC online platforms.

The Union Minister of State for Health and Family Welfare, Smt. Anupriya Patel stated this in a written reply in the Lok Sabha today.
