“Unfortunately, AI deepfakes and fabricated content are destabilizing open societies.

Watermarking and clear source standards are increasingly necessary.

We must also be more vigilant about child safety.”

“The AI Impact Summit in Delhi has brought together the who’s who from the AI world.

There is representation from over 100 countries.

There are distinguished participants from every corner of the globe.

Our aim is the same - leveraging the power of AI for the welfare of our planet.”
