- and
- (d) the major achievements and outcomes attained at the national level by the Government since 2014?

ANSWER

THE MINISTER OF STATE FOR JAL SHAKTI

(SHRI RAJ BHUSHAN CHOUDHARY)

(a) 'Water' being a state subject, steps for augmentation, conservation and efficient management of water resources are primarily undertaken by the respective State Governments. In order to supplement the efforts of the State Governments, Central Government provides technical and financial assistance to them through various schemes and programmes. The Jal Shakti Abhiyan (JSA) started in 2019 with Jal Shakti Abhiyan: Catch The Rain campaign (JSA: CTR), has become an annual feature since 2021. The Ministry has launched the 6th edition of JSA :CTR on 22nd March 2025 (World Water Day) with the theme “*Jal Sanchay, Jan Bhagidari: Jan Jagrukta Ki Or*”, emphasizing community participation and water conservation awareness. The campaign emphasizes convergent financing and active community participation to ensure maximum impact. For effective inter-sectoral convergence among Ministries for constructing water conservation and rainwater harvesting structures, the Government has a multi-pronged strategy that leverages collaboration, resource optimization and institutional coordination. The details of state-wise progress under JSA: CTR campaign across the country is attached at **Annexure-I**.

(b) Pradhan Mantri Krishi Sinchayee Yojana (PMKSY) was launched during the year 2015-16, with the aim to enhance physical access of water on farm and expand cultivable area under assured irrigation, improve on-farm water use efficiency, introduce sustainable water conservation practices, etc. Pradhan Mantri Krishi Sinchai Yojna (PMKSY) is an umbrella scheme, consisting of two major components being implemented by the Department of Water Resources, River Development & Ganga Rejuvenation, Ministry of Jal Shakti, namely, Accelerated Irrigation Benefit Programme (AIBP), and Har Khet Ko Pani (HKKP).

AIBP and HKKP components deal with creation of irrigation potential through implementation of major, medium and minor irrigation projects including extension, renovation and modernization and command area development and water management. Separate details of beneficiaries through irrigation potential creation, water use efficiency enhancement, micro irrigation etc. are not maintained by DoWR, RD&GR. Total estimated number of target beneficiary by creation of irrigation potential, including extension, renovation and modernization and enhancement of water use efficiency and implementation of micro irrigation under these projects is about 1.95 crore.

Further, Per Drop More Crop (PDMC) scheme, dedicated to micro irrigation development and enhancement in water use efficiency, is implemented by DoA&FW, has about 86.14 lakh beneficiaries till October, 2024. State wise details of beneficiary under irrigation projects of PMKSY and PDMC is placed as **Annexure-II**.

(c) & (d) The major achievements and outcomes of DoWR, RD & GR since 2014 is available on the website of Ministry of Jal Shakti (<https://www.jalshakti-dowr.gov.in>).
