ANSWER

वाणिज्य एवं उद्योग मंत्रालय में राज्य मंत्री (श्री जितिन प्रसाद)

**THE MINISTER OF STATE IN THE MINISTRY OF COMMERCE & INDUSTRY
(SHRI JITIN PRASADA)**

(a) to (e): Keeping in view India's vision of becoming 'Atmanirbhar', Production Linked Incentive (PLI) Schemes for 14 key sectors were announced with an outlay of Rs. 1.97 lakh crore to enhance India's Manufacturing capabilities and Exports. PLI Schemes for all 14 Sectors have been notified along with guidelines by the concerned Ministries/ Departments after due approval. These Schemes are regularly reviewed by the concerned Ministries/Departments as well as Empowered Group of Secretaries (EGoS).

As on September 2025, 806 applications have been approved under Production Linked Incentive (PLI) Schemes across 14 sectors. Actual investment of Rs. 2 lakh crore have been realized which has resulted in incremental

production/sales of over Rs. 18.7 lakh crore, employment generation of over 12.6 lakhs, and exports surpassing Rs. 8.2 lakh crore with significant contributions from sectors such as electronics, pharmaceuticals, Automobiles and food processing.

The cumulative incentive amount of Rs. 23,945 crore have been disbursed under PLI Schemes for 12 sectors, namely Large Scale Electronics Manufacturing (LSEM), IT Hardware, Bulk Drugs, Medical Devices, Pharmaceuticals, Telecom & Networking Products, Food Processing, White Goods, Automobiles & Auto components, Specialty Steel Drones & Drone Components and Textiles.

The sector-wise approved outlay and cumulative disbursement up to September 2025 under PLI Scheme are given at **Annexure-I**, while the year-wise disbursement is provided at **Annexure-II**. Disbursements are recorded at the beneficiary level rather than on a state-wise basis, as companies may have manufacturing units located across different states.

In order to address and facilitate the disbursement of incentive claims, the Ministries/ Departments have undertaken a number of steps which include the provision for quarterly disbursement of claims. Further, effective coordination between the State Governments and Ministries to fast-track regulatory approvals has reduced the project commissioning time. The Standard Operating Procedures developed by the respective Ministries/ Departments have reduced the compliances for claiming incentives. Complete online claim process along with the grievance redressal mechanism in the portal has also helped in timely disbursement of the claims.

The Production Linked Incentive Schemes are under implementation and still continuing as per their scheme tenures.
