**APPENDIX**  
**NOTIFICATION**

In exercise of the powers conferred by section 44 (1) of the Andhra Pradesh (Andhra Area) Town Planning Act,1920; section 16 read with section 10(ii) of AP Capital Region Development Authority Act, 2014 and section 118 read with section 5(5)(b) of the Andhra Pradesh Metropolitan Region and Urban Development Authorities Act, 2016, the following Common Zoning Regulations are hereby published duly superseding the G.O.Ms.No.216 of MA&UD Dept., dt:22.10.2025.

**COMMON ZONING REGULATIONS – 2026**

**I. INTRODUCTION**

**Zoning Regulations**

A Master plan or Development Plan or General Town Planning (GTP) Scheme is a general plan for the future development of a city / any settlement showing both, the existing and proposed streets or roads, open spaces, public buildings, residential, commercial areas etc. and shows various land

use zones intended for development. Master Plan is a statutory document prepared under the provisions and procedures prescribed under the relevant Acts appended with the Zoning Regulations is the legal instrument for implementing the land use policy as proposed in the Master Plan. Zoning Regulations contains a set of guidelines with regard to the permissibility of the right use and the correct location of each zone duly prohibiting the conflicting uses in order to achieve the objective of the Master Plan for orderly development of a given settlement.

Zoning is a planning control tool for regulating the built environment and creating functional real estate markets. It does so by dividing land that comprises the statutory area of a ULB into different zones, permitting particular land use on specific sites to shape the layout of towns and cities and enable various types of development. It determines the location, size, and use of buildings and decides the density of city blocks.

### **Need of the Zoning Regulations:**

The Master Plans for various urban settlements along their vicinity areas have been prepared at different times for the past several years in the State. Zoning Regulations along with the Master Plans are also issued. It has been observed that some of the Land Use Zone Categories of the Master Plans have been shown differently in each of the Master Plans without following a uniform pattern. Due to this, there are different set of zoning regulations for different Master Plans creating complexity in understanding its applicability. This has led to difficulty among the general public, License Technical Personnel and also among the implementing agencies. Presently, the building permissions are issued through the Online Building Permission System (OBPS) on a single platform in the State. Therefore, it is difficult to customize all zoning regulations on a single platform. Hence, there is an immediate need to develop common zoning regulations for the entire State and this will help to avoid manual interpretation and intervention in the application of the zoning regulations.

Zoning regulations from other states were also reviewed in the process of preparing Zoning regulations. States like Odisha, Uttar Pradesh, Maharashtra, Punjab, Karnataka, Telangana, and Tamil Nadu were taken as basis to prepare negative list of land uses.

## **II. Rationalisation of Land Use Categories of master plans**

A systematic approach has been followed to rationalize the land uses of Master Plans which include-

- (a) Comprehensive assessment to understand the commonalities of zones of each Master Plan already approved.

- (b) Review of existing land use zones of other metro cities Master / Development Plans.
- (c) Comparison with National Level URDPF guidelines.
- (d) Consultations with town planning experts and officials of line departments.

**After rationalising the land uses,** the following 9 Land Use Zones are proposed for the Master Plan area duly merging the legacy uses of already approved Masterplans.

**Proposed Land Use Categories of Master Plan:**

The categories of land uses proposed in the Master Plan are as follows:

**LAND USE ZONES PROPOSED IN MASTER PLAN**

| S.No | Land Use Zone Category     |      |                           | Remarks | Legacy Land uses included within the land use category                                                                                                                                                                                                                                    |

### III. Short Title, Scope, Extent & Commencement

#### 3.1 Title

These Regulations shall be called the “**Common Zoning Regulations – 2026**” of Andhra Pradesh prepared under the provisions of relevant Acts in the State of Andhra Pradesh (herein after referred to as “**Common Zoning Regulations-2026**”).

#### 3.2 Scope of the Common Zoning Regulations

The scope of these "Common Zoning Regulations" shall be limited to defining Land Use Zones and the activities permissible in each land use zone depicted in the Proposed Land Use Plan forming part of the Master Plans. Other aspects of development will be governed by relevant Building Rules, Layout Rules etc. issued by the Government from time to time. Competent Authorities under such regulations shall ensure that the developments permitted by them are in conformity with these Zoning Regulations and building rules in force.

#### 3.3 Applicability and Jurisdiction of the Common Zoning Regulations

- a. These Common Zoning Regulations will supersede all the existing zoning regulations related to all Master Plans/ZDP/GTP except capital city.
- b. No development activity like layout, land pooling scheme, building activity or use of any land shall be permitted unless these are in conformity with the Master Plan land use, circulation network and the zoning of the uses and activities as given in these regulations.
- c. These regulations however will not prohibit the continuance of existing uses of lands and buildings that have been lawfully established and have a valid development permission obtained from the competent authorities as required under the prevailing statutory provisions and these Zoning and Development Promotion regulations, provided that no expansion of the existing non-conforming use or activity shall be permissible provided such conformed use is dangerous to life.
- d. All the layouts approved by the competent authorities as required under the prevailing statutory provisions or plots / layouts regularized by prior to these regulations and change of land use affected by government in the immediate preceding notified Master Plan from time to time shall continue to prevail irrespective of the land use zone proposed in the Master Plan.

### 3.4 Date of Commencement

These regulations shall come into force on such date as notified by the Government. The implementation and enforcement of the Master Plan shall be in accordance with the Common Zoning Regulations herein prescribed.

Wherever any land use other than proposed uses is existed, clubbed with the relevant categories for implementation purpose till the revision of Master plans is taken up.
