**ANSWER
THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND
FAMILY WELFARE
(SHRI PRATAPRAO JADHAV)**

(a) and (b): The constituency-wise data is not captured under Ayushman Bharat-Pradhan Mantri Jan Arogya Yojana (AB-PMJAY), however, the district-wise details of Ayushman Cards created in the districts under the Dahod Lok Sabha Constituency can be accessed at: <https://dashboard.nha.gov.in/public/card>

Further, a total of 73,021 hospital admissions in Dahod District and a total of 38,270 hospital admissions in Mahisagar District of Dahod Lok Sabha constituency have been authorised under the scheme from January 2023 to May 2026.

The district-wise details of the of public and private hospitals empanelled under the scheme can be accessed at: <https://hem.nha.gov.in/search>

(c): Through 1.86 lakh Ayushman Arogya Mandir (AAM), comprehensive primary healthcare is provided by strengthening Sub Health Centres and Primary Health Centres. As per the AAM Portal as on 30.06.2026, the number of operational AAM in the State of Gujarat is 10625 including 528 and 227 in Dahod and Mahisagar districts, respectively.

Ayushman Bharat Health Account (ABHA) is a key building block of Ayushman Bharat Digital Mission (ABDM). It is a unique 14-digit health identifier which allows citizens to securely access and manage their digital health records across the healthcare ecosystem. While creating ABHA, only district-level details are captured based on the address details available in Aadhaar, and rural-urban bifurcation of ABHA creation is not maintained under ABDM. As on 31.07.2026, a total of 8.60 lakh and 17.93 lakh ABHA have been created in the Mahisagar & Dahod districts respectively falling under the Dahod Parliamentary Constituency in the State of Gujarat.

(d): As on 31.07.2026, a total of 1.34 lakh hospital admissions, amounting to Rs.285.99 crore were authorised under AB-PMJAY in Dahod district. In Mahisagar district, 68,167 hospital admissions, amounting to Rs.187.71 crore, were authorised during the same period. Of these, 63,917 admissions in Dahod district, constituting 47.7 % of the total admissions and amounting to Rs.113.51 crore, pertained to eligible female beneficiaries. Similarly, in Mahisagar district, 29,327 admissions, constituting 43.02% of the total admissions and amounting to Rs. 70.82 crore, pertained to eligible female beneficiaries.

By providing eligible beneficiary families with cashless access to secondary and tertiary healthcare services at empanelled hospitals, the scheme has significantly reduced the financial burden associated with hospitalization and provided protection against catastrophic health expenditure.
