

GOVERNMENT OF INDIA
MINISTRY OF STEEL

LOK SABHA
UNSTARRED QUESTION NO. 3900
FOR ANSWER ON 11.08.2026

DEVELOPMENT OF SINGLE-LOCATION INTEGRATED STEEL PLANTS

3900. SHRI G KUMAR NAIK:

Will the Minister of STEEL be pleased to state:

- (a) the details of single-location integrated steel plants that are operational, under construction and approved in the country, indicating promoter, proposed capacity, investment, captive raw material linkages and present status, State/UT-wise;
- (b) the details of projects approved including the stage of implementation, land acquired, statutory clearances obtained and expected date of commissioning during the last five years;
- (c) whether the Government has identified any bottlenecks affecting the establishment of such plants, including availability of iron ore, coking coal, land, logistics and environmental clearances and the corrective measures taken; and
- (d) the additional crude steel capacity expected to be created through these projects by 2030?

ANSWER

THE MINISTER OF STATE IN THE (SHRI BHUPATHIRAJU SRINIVASA VARMA)
MINISTRY OF STEEL

(a)to(c): Steel is a deregulated sector, and the Government acts as a facilitator by creating a conducive policy environment to enhance domestic steel production and capacity, reduce import dependence and attract investment. Decisions regarding the setting up of steel plants, including the availability and sourcing of raw materials such as iron ore and coking coal, land acquisition, logistics and other project-related aspects, are taken by individual steel companies based on techno-commercial considerations and location-specific factors. The present crude steel capacity is about 220 MT, and the National Steel Policy, 2017 envisages a capacity of 300 MT by 2030-31. Details of the seven large producers of crude steel in the country, along with their capacity, for the year 2025-26 are given below: -

Crude Steel Capacity (2025-26)	
Producer	Capacity (in Mt)
Steel Authority of India Limited (SAIL)	20.63
Rashtriya Ispat Nigam Limited (RINL)	7.30
NMDC Steel Limited (NSL)	3.00
Tata Steel Limited Group (TSL Group)	26.78
ArcelorMittal Nippon Steel India (AM/NS)	9.60
JSW Group	35.50
Jindal Steel Limited (JSL)	14.60
Total	117.41
Mt=million tonnes
