

Regarding need for establishment of a Jawahar Navodaya Vidyalaya in Anakapalli district, Andhra Pradesh-Laid

DR. C. M. RAMESH (ANAKAPALLE): With an objective to bring out the best of rural talent, aptitude and opportunities for progress at a faster pace, Government of India is establishing fully-residential Navodaya Vidyalayas in each district in the country to provide quality education with boarding, lodging, uniforms and textbooks free of cost. Anakapalli district was created in 2022. With nearly 740 villages, Anakapalli is largely a rural and semi-urban district. At present Anakapalli is not provided with a Jawahar Navodaya Vidyalaya and have been requesting for establishing a Navodaya Vidyalaya. Students from rural and economically weaker sections in Anakapalli district are deprived of the opportunity to access quality residential education under Navodaya Education System. Hence, I appeal to Honourable Minister of Education to set up a Navodaya Vidyalaya in Anakapalli district of Andhra Pradesh.
