

Regarding incentive scholarships for girls to promote women's education

Article 10 (Amendment) : The Government shall, in order to promote women's education, provide incentive scholarships for girls who are enrolled in secondary schools and who are of low income. The amount of the scholarship shall be 75% of the tuition fee and 10% of the living allowance. The total amount of the scholarship shall be 25% of the total cost of education. The scholarship shall be provided for a maximum of three years. The Government shall also provide incentive scholarships for girls who are enrolled in secondary schools and who are of low income. The amount of the scholarship shall be 75% of the tuition fee and 10% of the living allowance. The total amount of the scholarship shall be 25% of the total cost of education. The scholarship shall be provided for a maximum of three years.
