The maiden public issue of the NHAI-sponsored Raajmarg Infra Investment Trust (RIIT) is set to be listed on the Bombay Stock Exchange (BSE) on 24th March 2026. The listing ceremony will be held in the presence of Minister for Road Transport and Highways, Shri Nitin Gadkari, along with senior officials from the Ministry of Road Transport and Highways (MoRTH) and NHAI.

The IPO witnessed an overwhelming response from investors and was oversubscribed nearly 14 times, with participation from a diverse range of investor categories. The strong subscription underscores robust investor confidence in India’s growth story, the strength of its financial markets, as well as the Government of India’s transparent and reform-oriented asset monetisation programme aimed at efficient capital recycling and accelerated infrastructure development.

The NHAI-sponsored Raajmarg Infra Investment Trust is designed to unlock the value of operational National Highway assets while offering a high-quality, long-term investment avenue, particularly for retail and domestic investors. The initiative represents a significant step towards broadening public participation in the National Highways sector and further strengthening the infrastructure financing ecosystem in the country.
