Coordination mechanisms include inter-ministerial consultations, review meetings, and data sharing arrangements to monitor progress and address implementation challenges. The Ministry has also established a PMU at the national level. This unit works in close coordination with partner ministries to assess the progress of their respective interventions under the Abhiyan. At the State and district levels, State Governments play a key role in execution through existing administrative structures, with district administrations facilitating coordination among line departments to ensure integrated and timely delivery of services in tribal-dominated villages.

The Abhiyan has total budgetary outlay of Rs.79,156 Cr (Central share: ₹56,333 Cr and State share: ₹22,823 Cr) for a period of 5 years, from 2024-25 to 2028-29. Each concerned Ministry has been allocated budget and targets under Abhiyan and responsible for implementing the intervention assigned to it. Details are attached as **Annexure II**.
