

DPIIT Signs MoU with Chamber India to Boost Startup Ecosystem and Strengthen Global Linkages

Posted On: 30 APR 2026 6:42PM by PIB Delhi

The Department for Promotion of Industry and Internal Trade (DPIIT) signed a Memorandum of Understanding (MoU) with Chamber India to strengthen India's startup ecosystem and promote innovation-led growth. The partnership aims to enhance engagement between startups, corporates, investors, and global stakeholders, while facilitating international linkages and cross-border collaboration. It will also support startups through initiatives aligned with national programmes and promote entrepreneurship across key sectors such as skilling, health, agriculture, and emerging technologies.

Under the collaboration, DPIIT-recognised startups will benefit from concessional membership of the Chamber with a 50 per cent rebate, enabling access to services such as export facilitation, IPR advisory, business matchmaking, and participation in global delegations. The Chamber will also work towards establishing five incubation and startup support centres across India, with a focus on Aspirational Districts, Northeastern states, and other emerging regions to promote inclusive and balanced growth.
