Goa, 19 May 2026

Public Sector Oil Marketing Companies (OMCs) including Indian Oil Corporation Ltd, Bharat Petroleum Corporation Limited and Hindustan Petroleum Corporation Limited have assured citizens that the supply and distribution of petrol, diesel and Liquefied Petroleum Gas (LPG) across Goa continue uninterrupted despite prevailing global uncertainties affecting the oil and gas sector.

According to a joint press release issued by the OMCs, the oil industry remains fully prepared to ensure seamless availability of fuels through its extensive network of terminals, depots, LPG bottling plants and retail outlets across the State.

The companies said that fuel dispensing operations are proceeding smoothly at all retail outlets and supplies are being maintained without any restrictions, while adhering strictly to prescribed safety and operational norms.

The OMCs have clarified that adequate stocks of petroleum products are available throughout the supply chain and replenishment activities are being carried out continuously to efficiently meet genuine consumer demand.

LPG supplies to domestic consumers are also being maintained normally, with cylinder deliveries progressing smoothly across Goa, the statement added.

The OMCs said they are maintaining close coordination on logistics, stock positioning and distribution planning to ensure uninterrupted energy access to citizens. The overall fuel supply situation, they said, remains stable and under constant monitoring.

Citizens have been urged to continue with normal purchasing behaviour and avoid unnecessary panic buying. The public has also been advised to rely solely on official communications issued by the companies and government authorities for authentic and verified information regarding fuel availability.
