

UP Family ID Now on DigiLocker: Instant Digital Access for Over 6 Crore Citizens

प्रविष्टि तिथि: 17 JUN 2026 2:24PM by PIB Delhi

Over 6 crore residents of Uttar Pradesh can now access their UP Family ID on DigiLocker. India's flagship digital document wallet under the Digital India programme, DigiLocker, has on-boarded the **UP Family ID**, letting citizens fetch, store and share the household credential anytime from their phone or computer.

For citizens, this means no more carrying or photocopying the physical Family ID. The copy fetched on DigiLocker is a verified, legally valid document that can be used instantly to apply for and avail scholarships, pensions and other State welfare schemes — faster, paperless and available round the clock.

The UP Family ID is Uttar Pradesh's key household identifier, linking each family to the welfare benefits it is entitled to. Hosting it on DigiLocker places this everyday document on the same trusted platform citizens already use for their Aadhaar, PAN, driving licence and academic certificates.

“Putting the Family ID on DigiLocker means a household's gateway to welfare is now always in their pocket — secure, verified and available the moment it is needed,”

Citizens can fetch their UP Family ID on DigiLocker in four simple steps:

1. Open the DigiLocker app or visit digilocker.gov.in and sign in.
2. Search for “Family ID Uttar Pradesh”.
3. Enter the required details and give consent.
4. Fetch the document — it is saved instantly to your DigiLocker account.

The integration reflects the shared commitment of the Government of Uttar Pradesh and DigiLocker to build a citizen-centric digital ecosystem that promotes transparency, efficiency and ease of access to public services.

As DigiLocker continues to expand its repository of trusted digital credentials, integrations such as the UP Family ID strengthen India's digital public infrastructure and further the vision of Digital India by making government-issued documents more accessible, secure and convenient for every citizen.

The advertisement features a family of three (father, mother, and child) smiling. The father is wearing a white shirt and a red shawl, the mother is in a yellow sari, and the child is in a yellow kurta. They are standing behind a smartphone that displays the DigiLocker app interface, which includes a 'Family ID' card and a 'LIVE' status. The background is a light purple with a subtle grid pattern. At the top, there are logos for the Government of India, the Ministry of Electronics and Information Technology, and the DigiLocker logo. The text 'Big News for Uttar Pradesh!' is prominently displayed in bold. Below it, the text reads 'Empowering over 6 Crore citizens with digital convenience! Your UP Family ID is now LIVE on DigiLocker.' A purple box contains two bullet points: 'Now, accessing state welfare schemes, scholarships and pension benefits is faster, paperless and completely secure.' and 'No more carrying physical docs or standing in long queues!'. Below this, a section titled 'How to get it:' lists four steps: 'Log in to DigiLocker', 'Search 'Family ID Uttar Pradesh'', 'Enter required details', and 'Fetch your document'. A QR code is located at the bottom right, with the text 'Download now' underneath it.

About DigiLocker

DigiLocker is the Government of India's flagship platform for the issuance and verification of documents and certificates in digital form, under the Digital India programme. It gives every citizen a secure, cloud-based account to access authentic digital documents anytime, anywhere, removing the need to carry physical copies.
