

Prime Minister shares an article on water management and public participation

प्रविष्टि तिथि: 18 JUN 2026 2:36PM by PIB Delhi

The Prime Minister, Shri Narendra Modi, has shared an article written by Union Minister Shri C. R. Patil.

The article explains how government initiatives have tackled challenges related to drinking water, sanitation, river conservation, irrigation efficiency, groundwater recharge and wastewater reuse through a holistic and interconnected approach. It further elaborates on the achievements of the past decade, driven by responsive governance and active public participation in pursuit of a shared national vision.

The Prime Minister's Office wrote on X;

“In this article, Union Minister Shri @CRPaatil explains how government initiatives have tackled challenges related to drinking water, sanitation, river conservation, irrigation efficiency, groundwater recharge and wastewater reuse through a holistic and interconnected approach.

He elaborates on the achievements of the past decade, driven by responsive governance and active public participation in pursuit of a shared national vision.”
