

Expanding Access to Affordable Healthcare: How VCF-SC Enabled Aboli Hospital to Build a Modern Multi-Speciality Healthcare Facility

प्रविष्टि तिथि: 03 AUG 2026 6:47PM by PIB Delhi

Dr. Anil Sadashivrao Kamble

Quality healthcare is a cornerstone of inclusive development. However, access to advanced medical facilities remains a challenge for people living in semi-urban and rural regions. Demonstrating how entrepreneurship coupled with institutional support can bridge this gap, **Aboli Hospital Private Limited**, established by **Dr. Anil Sadashivrao Kamble** in Parbhani, Maharashtra, has emerged as a trusted multi-speciality healthcare institution. The hospital's journey reflects the transformative impact of the **Venture Capital Fund for Scheduled Castes (VCF-SC)** under the Ministry of Social Justice and Empowerment.

Aboli Hospital Private Limited has established a **70-bedded multi-speciality hospital** equipped with a pharmacy, advanced Intensive Care Unit (ICU) and critical care facilities capable of treating complex medical emergencies, particularly paralysis and other critical illnesses. The hospital provides quality and affordable healthcare services under one roof for the people of Parbhani and neighbouring districts. Recognising the project's social and healthcare impact, the Venture Capital Fund for Scheduled Castes extended financial assistance of **₹5 crore in 2023** through venture capital assistance comprising equity and optionally convertible debentures. The support also enabled the hospital to procure modern medical equipment, reduce the burden of high-cost bank loans and strengthen linkages with health insurance schemes, including **Ayushman Bharat**.

Facility

Multi-Speciality Hospital & Advanced Critical Care Facility

The financial assistance enabled the hospital to establish modern healthcare infrastructure, strengthen advanced ICU and critical care services, procure state-of-the-art medical equipment and expand access to affordable healthcare for underserved communities. The institution has also developed strong linkages with government healthcare schemes, insurance providers and specialised medical practitioners, enhancing the quality and reach of healthcare services across the region.

Multi-Speciality Hospital & Advanced Critical Care Facility

The impact of the intervention has been significant. Today, the hospital has generated **65 direct employment opportunities**, including **27 Scheduled Caste employees** and **38 non-Scheduled Caste employees**. The enterprise has witnessed remarkable financial growth, with its **net worth increasing from ₹61.75 lakh to ₹6.93 crore**, while creating assets worth **₹2.78 crore**. The project has emerged as a model of inclusive healthcare entrepreneurship by providing affordable, quality medical services while creating sustainable livelihoods and strengthening healthcare delivery in the region.

Dr. Anil Sadashivrao Kamble, Managing Director

Reflecting on the journey, Dr. Kamble said:

"The support received under the Venture Capital Fund for Scheduled Castes (VCF-SC), Ministry of Social Justice & Empowerment, strengthened our mission of delivering quality and affordable healthcare services to underserved communities. Today, Aboli Hospital stands as a trusted critical care and multi-speciality healthcare institution, improving access to advanced medical treatment across the region."

Multi-Speciality Hospital & Advanced Critical Care Facility

The success of Aboli Hospital Private Limited demonstrates how targeted financial support under the Venture Capital Fund for Scheduled Castes is enabling Scheduled Caste entrepreneurs to establish socially impactful enterprises that strengthen healthcare infrastructure, generate sustainable employment and improve access to quality medical services. By fostering entrepreneurship and promoting inclusive development, the Ministry of Social Justice and Empowerment continues to empower entrepreneurs, create livelihoods and ensure that essential healthcare reaches underserved communities across the country.
