

Assessment of Skill Development Initiatives

प्रविष्टि तिथि: 10 AUG 2026 5:26PM by PIB Delhi

Under the Government of India's Skill India Mission (SIM), the Ministry of Skill Development and Entrepreneurship (MSDE) delivers skill, re-skill and up-skill training through an extensive network of skill development centres under various schemes, viz. Pradhan Mantri Kaushal Vikas Yojana (PMKVY), Jan Shikshan Sansthan (JSS), National Apprenticeship Promotion Scheme (NAPS) and Craftsman Training Scheme (CTS) through Industrial Training Institutes (ITIs), to all the sections of the society across the country including the state of Chhattisgarh. The SIM aims at enabling youth of India to get future ready and equipped with industry relevant skills.

State/UT-wise, year-wise and scheme-wise details of the number of candidates trained across the country under the major skill development schemes of MSDE during the period from 2019–20 to 2026–27 (as on 30.06.2026) are given at **Annexures I to IV**.

Amongst the schemes of MSDE, placements were tracked under the Short-Term Training component of PMKVY only in the first three versions (PMKVY 1.0, PMKVY 2.0 and PMKVY 3.0) implemented from 2015-16 to 2021-22. Under PMKVY (1.0 to 3.0), 28,142 candidates have been reported placed in Chhattisgarh. Under PMKVY 4.0, the focus is to empower the trained candidates to choose their varied career path with orientation through industry relevant skill courses that include the On-the-Job Training (OJT).

The Government undertakes periodic reviews of skilling initiatives under the Skill India Mission, assessing enrolment, certification, placement, self-employment outcomes and employer feedback to gauge their effectiveness in strengthening employability and future skills. These reviews support continuous curriculum updates, industry collaboration and improvements in implementation modalities, ensuring that skilling programmes remain aligned with evolving technology trends and labour-market requirements. The effectiveness of broader skill development schemes is also evaluated through MIS-based monitoring, third-party assessments and beneficiary feedback.

All schemes presently being run by MSDE have gone through third party evaluation exercise generally and also in particular, at the time of grant of extension of the respective schemes. Details of the evaluation of the Schemes implemented by MSDE are as under:

PMKVY 4.0: An independent third-party impact evaluation of the PMKVY 4.0 has been conducted by Arun Jaitley National Institute of Financial Management (AJNIFM), an autonomous Institution of Ministry of Finance, Government of India. As per the report, PMKVY training has contributed to a measurable shift in employment outcomes for short term training (STT) candidates. The combined share of employed and self-employed STT respondents increased from 26.6% prior to training to 45.4% after PMKVY training, reflecting an 18.8 percentage point increase. Income-related outcomes also show positive movement, with 41.4% of STT candidates and 48.9% of Recognition of Prior Learning (RPL) candidates reporting an increase in income following training and certification. Overall, PMKVY 4.0 has

significantly expanded access to formal skill training and certification and has generated measurable improvements in skill confidence, employment participation, and income outcomes for a substantial proportion of beneficiaries.

JSS: A third-party evaluation of the Jan Shikshan Sansthan (JSS) Scheme was conducted by the Arun Jaitley National Institute of Financial Management, an autonomous Institution of Ministry of Finance, Government of India, in 2025 to assess the scheme's outreach, effectiveness and livelihood outcomes. The evaluation highlighted significant achievements of the scheme, with 33.94 lakh individuals enrolled, of whom 32 lakh were trained and 31.52 lakh certified, reflecting an overall success rate of 99 percent. Women constituted a dominant 82 percent share of total participants, while 73 percent beneficiaries belonged to marginalized sections, including SC/ST (36 percent) and OBC (37 percent). The livelihood impact has been noteworthy, with 90 percent alumni utilising acquired skills for income generation, 82 percent becoming economically engaged within six months of training, and 60 percent of previously non-earning individuals starting to earn post-training. The average monthly income of beneficiaries recorded a four-fold increase.

NAPS: A third-party evaluation study of Pradhan Mantri National Apprenticeship Promotion Scheme (PMNAPS-2) from 2022-23 to 2025-26 (Data up to 30th November 2025) was conducted by the Arun Jaitley National Institute of Financial Management (AJNIFM), an autonomous Institution of Ministry of Finance, Government of India. As per the report, PMNAPS-2 achieved significant scale during the evaluation period, engaging 34.69 lakh apprentices against a cumulative target of 46 lakh, translating into an overall achievement of approximately 75 percent. The institutionalization of Direct Benefit Transfer (DBT) has improved financial transparency and predictability.

Annexure-I

State/UT-wise, year-wise number of candidates trained across the country under PMKVY scheme during the period from 2019-20 to 2026-27 (as on 30.06.2026):

State/UT	2019-20	2020-21	2021-22	2022-23	2023-24	2024-25	2025-26	2026-27
