On the occasion of the **80th Independence Day**, addressing the nation from the ramparts of the Red Fort in New Delhi today, **Prime Minister Shri Narendra Modi** highlighted the significant work accomplished in the **pharmaceutical sector** and called for **greater global ambition**. He said that India has done a great deal of work in the pharmaceutical sector; however, the need of the hour is for one or two Indian pharmaceutical companies to make their mark among the **world's top five pharmaceutical companies**.

The Prime Minister further emphasised the need to build globally recognised Indian brands across sectors. He said that Indian consulting and accounting firms should also aspire to be among the top firms in the world, while Indian technology companies should aim to become global leaders. He called for **creating brands that attract the world** and **making Indian brands a strong identity of the country** and a destination for the world.

“

फार्मा की दिशा में हमने बहुत काम किया है। लेकिन समय की मांग है कि दुनिया की पाँच बड़ी फार्मा कंपनियों में भारतीय कंपनियों का भी नाम होना चाहिए। भारत को अपनी पाँच बड़ी फार्मा कंपनियाँ दुनिया के सामने रखनी चाहिए, क्योंकि लोग हमसे उम्मीद रखते हैं।”
