The upcoming Special Campaign 6.0 builds upon the substantial outcomes achieved during the Special Campaign 5.0 (conducted from 2nd October to 31st October 2025), where DFS achieved all targeted parameters, cleaned over 41,000 sites across the country and generated Rs. 3.20 crore through the disposal of scrap.

To sustain the momentum, DFS maintained its cleanliness and pendency reduction drives throughout the intervening period from November 2025 to August 2026, with monthly progress monitored via the SCDPM portal.
