

Prime Minister shares an article highlighting India's rapidly evolving deep-tech capabilities

Posted On: 17 SEP 2026 2:29PM by PIB Delhi

The Prime Minister, Shri Narendra Modi, today shared an article by Chief Scientist of Zoho, Shri Sridhar Vembu, highlighting how India's rapidly evolving deep-tech capability owes much to the Prime Minister's vision and commitment.

Shri Modi said that the article highlights how semiconductors, space, defence and AI are building capabilities and know-how, noting that India is now choosing to do more of the difficult learning itself.

The Prime Minister Office posted on X:

“Chief Scientist of @zoho, Shri @svembu writes that India's rapidly evolving deep-tech capability owes much to PM @narendramodi's vision and commitment.

He highlights how semiconductors, space, defence and AI are building capabilities and know-how, saying India is now choosing to do more of the difficult learning itself.”
