The Prime Minister, Shri Narendra Modi, today shared an article by Shri Uday Kotak, highlighting how the Prime Minister's 25 years of leadership have helped strengthen India's environment for industry, entrepreneurship and manufacturing.

Shri Kotak highlighted how reforms, infrastructure and new initiatives in manufacturing, semiconductors, defence and deep technology are building new industrial capabilities, while Viksit Bharat is encouraging Indian businesses to expand and compete globally.

The Prime Minister's Office posted on X:

"PM @narendramodi's 25 years of leadership have helped strengthen India's environment for industry, entrepreneurship and manufacturing, writes Shri @udaykotak. Reforms, infrastructure and new initiatives in manufacturing, semiconductors, defence and deep technology are building new industrial capabilities.

Viksit Bharat is also encouraging Indian businesses to grow and compete globally. A thoughtful perspective on India's next phase of industrial growth."
