EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations are made in exercise of the powers conferred by section 8C(1) of, and paragraph 21(a) of Schedule 7 to, the European Union (Withdrawal) Act 2018 (c. 16) (the “2018 Act”).

Regulation 2 extends the application of the special transitional import arrangements that currently apply to “relevant goods” moving from “relevant third countries” during “the transitional staging period” (terms defined in Annex 6 to Regulation (EU) 2017/625, “the Official Controls Regulation”), subject to certain exceptions specified in regulation 2(3) to (5). It applies the requirements imposed under these import arrangements to “relevant goods”, other than “qualifying Northern Ireland goods”, moving from Northern Ireland to Great Britain during the period beginning with the date on which these Regulations come into force until the end of the transitional staging period. (The definition of “qualifying Northern Ireland goods” is established in regulations made from time to time under section 8C(6) of the 2018 Act (currently S.I. 2020/1454, as amended by S.I. 2024/163).)

Until the transitional staging period comes to an end, these Regulations apply to such movements the following provisions and controls, as they are amended from time to time—

- (a) certain provisions of official controls legislation set out in the Official Controls Regulation and legislation made under it, subject to the modifications and transitional arrangements set out in Annex 6 to that Regulation and other delegated legislation specified in column 2 of the table in Schedule 1 to these Regulations;
- (b) certain provisions of the Trade in Animals and Related Products (England) Regulations 2011 (S.I. 2011/1197), the Trade in Animals and Related Products (Wales) Regulations 2011 (S.I. 2011/2379 (W. 252)) and the Trade in Animals and Related Products (Scotland) Regulations 2012 (S.S.I. 2012/177), subject to the modifications and transitional arrangements set out in Schedule 5 to each of those instruments;
- (c) certain provisions of plant health legislation subject to the modifications and transitional arrangements set out in regulation 52 of the Plant Health (Amendment etc.) (EU Exit) Regulations 2020 (S.I. 2020/1482), regulation 4 of the Official Controls and Phytosanitary Conditions (Amendment) Regulations 2021 (S.I. 2021/136), regulation 4 of the Plant Health and Plant Propagating Material (Miscellaneous Amendments) (Scotland) Regulations 2021 (S.S.I. 2021/87) and regulation 3 of the Official Controls (Plant Health and Genetically Modified Organisms) (Wales) (Amendment) Regulations 2021 (S.I. 2021/302 (W. 76)); and
- (d) any requirement in the rules referred to in Article 1(2) of Regulation (EU) 2017/625 for goods to be accompanied by a health certificate, phytosanitary certificate or other

document, for the purpose of the official controls carried out for the verification of, or to facilitate the verification of, compliance with the rules referred to in that Article.

Regulation 3 and Schedule 2 make amendments to various definitions of “qualifying Northern Ireland goods” in legislation relating to sanitary and phytosanitary controls to ensure those definitions reflect any changes made from time to time to the definition contained in regulations made under section 8C(6) of the 2018 Act.

An impact assessment has not been produced for this instrument as no impact, or no significant impact, on the private, voluntary or public sector is foreseen. An Explanatory Memorandum has been published alongside these Regulations on www.legislation.gov.uk.
