EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations amend the Childcare Payments (Eligibility) Regulations 2015 ([S.I. 2015/448](#)) (“the 2015 Regulations”) which contain the detailed requirements a person must satisfy to be able to receive childcare top-up payments under the Childcare Payments Act 2014 ([c. 28](#)).

The amendments to the 2015 Regulations are being made to align the application window for childcare top-up payments with the application window for the Free Childcare for Working Parents scheme (“FCWP scheme”) which is contained within the Childcare (Free of Charge for Working Parents) (England) Regulations 2022 ([S.I. 2022/1134](#)). This will allow persons to apply for childcare top-up payments and the FCWP scheme at the same time. Currently persons applying for childcare top-up payments have a 31-day window in which to make their application, whereas applicants for the FCWP scheme can have up to 6 months.

Regulation 1 provides for these Regulations to come into force on 15th September 2025. For persons expected to start or return to work from leave between 16th October 2025 and 31st January 2026, regulation 2(2) and (3)(b) will take effect subject to the transitional provisions set out in regulation 3. For persons with an expected work start date before 16th October 2025, the existing provisions in the 2015 Regulations will apply.

Regulation 2(2) substitutes regulation 9(2) of the 2015 Regulations and inserts new paragraph (2A) which contains two definitions. Regulation 2(2) substitutes paragraph (2) of regulation 9 of the 2015 to replace the current 31-day period during which a person can make a declaration of eligibility for childcare top-up payments with an application window “the applicable period”. Regulation 2(2) also inserts new paragraph (2A) into regulation 9 of the 2015 Regulations which defines “applicable period” and “expected work start date”.

The “applicable period” is the window during which a person is expected to start or return to work can make a declaration of eligibility. The definition of “expected work start date” sets out a number of relevant elements that the date a person starts work may be either a return to work after a period of unpaid or paid leave (in accordance with regulation 12 (qualifying paid work: time off in connection with sickness or parenting) or starting a new job. It also explains that the start date is the date a person is expected to start work. It is the expected start date that is the relevant date for the purposes of knowing which applicable period to use.

Regulation 2(3) of these Regulations makes consequential amendments to regulation 12 of the 2015 Regulations. Regulation 2(3)(b) inserts the new application window to replace the previous 31-day period in regulation 12(4) of the 2015 Regulations for persons returning to work from certain types of parenting leave as set out in regulation 12(1)(b) to (g), (i) to (m), (p) and (q). Regulation 2(3)(c) revokes paragraph 12(5) as it refers to paragraph (1)(h) which was revoked by the Childcare Payments (Eligibility) (Amendment) Regulations 2017 ([S.I. 2017/1101](#)). Regulations 2(3)(a) and (d) make correcting amendments by removing otiose references to paragraphs 12(1)(h) and (5).

Regulation 3 makes transitional provisions for the amendments made by regulation 2(2) and (3)(b) in relation to persons starting or returning to work between 16th October 2025 and 31st January 2026. The transitional provisions allow for the application window for childcare top-up payments to gradually align with the application window for the FCWP scheme.
