EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations specify the frequency band containing the frequencies about which a dynamic spectrum access service, registered by Ofcom under section 53A of the Wireless Telegraphy Act 2006, may provide information relating to their availability for use by wireless telegraphy stations and wireless telegraphy apparatus and the places in which, the power at which, the times at which and any conditions subject to which such stations and apparatus may use them.

Regulation 2 specifies that the frequency band containing the frequencies about which a dynamic spectrum access service may provide such information is the 5925 to 7125 megahertz frequency band.

A full regulatory impact assessment of the effect of these Regulations is available on OFCOM's website at www.ofcom.org.uk. Hard copies of this assessment can be obtained free of charge by writing to OFCOM at Riverside House, 2a Southwark Bridge Road, London, SE1 9HA (tel. 020 7981 3000). Copies of this assessment have also been placed in the library of both Houses of Parliament.
