EXPLANATORY NOTE

(This note is not part of the Order)

This Order extends to Great Britain. Article 2 relates to the Energy Company Obligation scheme for the promotion of measures for reducing the cost to individuals of heating their homes. This provision amends one of the requirements contained in a condition that applies to qualifying actions under the scheme. The condition that a measure is not funded by any grant from public funds is changed so that specific grant schemes are referred to.

Article 3 corrects drafting errors in the Electricity and Gas (Energy Company Obligation) (Amendment, Saving and Transitional Provisions) Order 2025 ([S.I. 2025/802](#)) that were identified by the Joint Committee on Statutory Instruments in its 37th Report of Session 2024-2026.

An impact assessment has not been produced for this instrument, as no, or no significant, impact on the private or voluntary sector is foreseen.
